OFFICE HOURS

The Glen Rose Middle School office hours are from 7:30 a.m. to 3:45 p.m. each day during the school year. Summer hours will be posted.

ABSENCES & ATTENDANCE

If any student's Individual Education Program (IEP) or 504 Plan conflicts with this policy, the requirements of the student's IEP or 504 Plan take precedence.

Education is more than the grades students receive in their courses. Important as that is, students' regular attendance at school is essential to their social and cultural development and helps prepare them to accept responsibilities they will face as an adult. Interactions with other students and participation in the instruction within the classroom enrich the learning environment and promote a continuity of instruction which results in higher student achievement.

Absences for students enrolled in digital courses shall be determined by the online attendance and time the student is working on the course rather than the student's physical presences at school. Students who are scheduled to have a dedicated period for a digital class shall not be considered absent if the student logs the correct amount of time and completes any required assignments; however, a student who fails to be physically present for an assigned period may be disciplined in accordance with the District's truancy policy.

Excused Absences

Excused absences are those where the student was on official school business or when the absence was due to one of the following reasons and the student brings a professional note or parent note to the principal or designee upon his/her return to school from the parent or legal guardian stating such reason. A written statement presented for an absence having occurred more than five (5) school days prior to its presentation will **not** be accepted.

1. The student's illness or when attendance could jeopardize the health of another student is medically documented, and approved by the principal.
2. Death or serious illness in their immediate family;
3. Observance of recognized holidays observed by the student's faith;
4. Attendance at an appointment with a government agency;
5. Attendance at a medical appointment;

6. Exceptional circumstances with prior approval of the principal; or
7. Participation in an FFA, FCCLA, or 4-H sanctioned activity;
8. Participation in the election poll workers program for high school students.
9. Absences granted to allow a student to visit his/her parent or legal guardian who is a member of the military and been called to active duty, is on leave from active duty, or has returned from deployment to a combat zone or combat support posting. The number of additional excused absences shall be at the discretion of the superintendent or designee.
10. Absences granted, at the Superintendent's discretion, to seventeen (17) year-old students who join the Arkansas National Guard while in eleventh grade to complete basic combat training between grades eleven (11) and (12).

A maximum of six (6) such days are allowed per semester unless the condition(s) causing such absences is of a chronic or recurring nature, is medically documented, and approved by the principal.

Students who serve as pages for a member of the General Assembly shall be considered on instructional assignment and shall not be considered absent from school for the day the student is serving as a page.

Unexcused Absences

Absences not defined above with accompanying official documentation presented in the timeline required by this policy, shall be considered as unexcused absences. Students with six (6) unexcused absences in a course in a semester may not receive credit for that course. At the discretion of the principal after consultation with persons having knowledge of the circumstances of the unexcused absences, the student may be denied promotion or graduation. Excessive absences shall not be a reason for expulsion or dismissal of a student.

When a student has two (2) unexcused absences, his/her parents, legal guardians, persons with lawful control of the student, or persons standing in loco parentis and prosecuting attorney shall be notified. Notification shall be by telephone by the end of the school day in which such absence occurred or by regular mail with a return address sent no later day than the following school day.

Whenever a student exceeds 4 unexcused absences in a semester, the District shall notify the juvenile court, parent, legal guardian, person having lawful control of the student, or persons standing in loco parentis. The parent, legal guardian, person having lawful control of the student, or persons standing in loco parentis shall be subject to a Diversion Meeting with the Hot Spring County Juvenile Court Office.

At five (5) unexcused absences, the parent, legal guardian, person having lawful control of the student, or persons standing in loco parentis shall appear before the Juvenile Judge and may be subject to a civil penalty as prescribed by law.

It is the Arkansas General Assembly's intention that students having excessive absences be given assistance in obtaining credit for their courses. Therefore, at any time prior to when a student exceeds the number of unexcused absences permitted by this policy, the student, or his/her parent, legal guardian, person having lawful control of student, or person in loco parentis may petition the school or district's administration for special arrangements to address the student's unexcused absences. If formal arrangements are granted, they shall be formalized into a written agreement which will include the conditions of the agreement and the consequences for failing to fulfill the agreement's requirements. The agreement shall be signed by the student, the student's parent; legal guardian; person having lawful control of the student; or person in loco parentis, and the school or

district administrator or designee.

Students who attend in-school suspension shall not be counted absent for those days. Days missed due to out-of-school suspension or expulsion shall be unexcused absences.

In an effort to help ensure students receive credit for their courses once a student has been absent eight (8) or more days excused/unexcused in a semester they will be assigned Saturday school to make up the days missed. If the student fails to serve the Saturday school(s) and is absent twelve (12) days in a semester they will not receive credit for their courses.

When a student is absent nine (9) days excused/unexcused in a semester, they will be referred to the Truancy officer unless the parent/legal guardian contacts the school principal and provides medical documentation as to why the student was absent and the condition is considered to be of chronic or recurring nature. When a student is absent twelve (12) days excused/unexcused in a semester, they may not receive credit for that course.

The District shall notify the Department of Finance and Administration whenever a student fourteen (14) years of age or older is no longer in school. The Department of Finance and Administration is required to suspend the former student's operator's license unless he/she meets certain requirements specified in the statute.

ALTERNATIVE LEARNING ENVIRONMENT

As required by A.C.A. 6-18-508, the Glen Rose School District's A.L.E. is provided on campus. Assignment of students to the A.L.E. program is not subject to appeal or review by the Glen Rose School Board of Directors.

ANOTHER CHANCE PROGRAM

Students who are recommended for expulsion for violation of district drug and alcohol policy MAY be eligible to appeal to the superintendent of schools for placement in the "Another Chance Program" to avoid expulsion. This request must be made directly to the superintendent by the parent or guardian and/or the student. This program is designed to allow eligible students a possibility of continuing as a Glen Rose student under a strict probation and with specific limitations if they meet the following:

- 1) The student cannot have previously been suspended or recommended for expulsion for violation of the drug/alcohol policy
- 2) The parent and student must agree to be enrolled in and agree to complete participation in the school approved drug/alcohol abuse program. This school approved program is a partnership between the school and professionals in the field of substance abuse. The program is provided and administered by counselors, and substance abuse professionals at Living Hope Behavioral Services.
- 3) The student agrees to participate in the drug/alcohol testing, counseling, and required meetings prescribed by the drug/alcohol abuse program. The program administrators will notify the school if the student fails to meet all of the requirements of their program. In addition, if the student fails a drug or alcohol test administered by officials from the court of their home residence, Saline or Hot Spring Court, Glen Rose Schools, or Living Hope, they will be considered to have violated their agreement in the “Another Chance Program”.
- 4) The parent and student agree to the requirement that the student complete fifteen (15) hours of approved community service work as a part of this program.
- 5) The parent and student agree to assume a portion of the cost of the drug/alcohol abuse program as determined by the parent, Living Hope, and the superintendent. The parent agrees to completely fulfill their financial agreement with Living Hope/Glen Rose Public Schools prior to their child completing the entire program.
- 6) Parents and students requesting enrollment in the “Another Chance Program” agree to waive the right to a hearing before the school board on the expulsion should the student fail to meet the terms of the program and be recommended for expulsion during the probationary period.

Students who meet these requirements may request probationary status from the superintendent of schools after they serve the three (3) days out of school suspension. The three (3) days will count toward total days. Six (6) is the maximum days allowed to miss before Losing Credit/Being Retained. If approved, the student may have their recommendation for expulsion modified by the superintendent and will be placed in the “Another Chance Program”. After the student has returned from the suspension and has been placed in the program the student will be dropped from any activity or not be allowed to park on campus for an additional eighteen (18) days. Parents making the request for this probationary status must contact the superintendent of schools and arrange for a meeting with the superintendent. Those in attendance at this meeting will include the superintendent, an administrator from the student’s school, a school counselor, the student, and their parent or guardian. The superintendent may, after reviewing the information provided, choose to allow the student to attend school on a probationary status for the remainder of the school year, or an appropriate and/or comparable length of time as determined by the superintendent.

Students who are placed on this probationary status will be allowed to attend school as long as the student satisfactorily completes the drug/alcohol abuse program. In addition, the student must meet all the prescribed stipulations dealing with the school attendance, academic performance, student disciplinary restrictions and the other restrictions that are deemed appropriate by the superintendent. A student who fails to meet all the requirements of the drug/alcohol abuse program or violates the agreed upon terms of the “Another Chance Program”, will be considered in violation of the probation and will be recommended for expulsion.

AUTOMATED PHONE COMMUNICATIONS

Glen Rose School District uses a rapid notification system that provides the means to notify parents and employees of emergency or other important information by way of mass telephone contact.

The school uses the system to inform parents of school closings and other critical information. This information may include notification of parent/teacher conferences, report cards, and many other situations. Schools use the system to be in touch with all parents or groups of parents depending on the issue.

This system allows for calls to be made to the primary number parents supply at the beginning of the school

year on the child's demographic information sheet in the space provided. This type of notification system has proven to be a major step in providing positive contact between schools and parents. Please be sure to have a current and working phone number on file with the secretary in the principal's office.

BUS TRANSPORTATION/CONDUCT TO AND FROM SCHOOL

The District's Student Code of conduct applies to students while traveling to and from school or to and from a school activity to the same extent as if the students were on school grounds. Appropriate disciplinary actions may be taken against commuting students who violate the District's Student Code of Conduct rules.

The preceding paragraph also applies to student conduct while on school buses. Students shall be instructed in safe riding practices. The driver of a school bus shall not operate the school bus until every passenger is seated. In addition to other disciplinary measures provided for violations of the District's Student Code of Conduct, the student's bus transportation privileges may be suspended or terminated for violation of the Student Code of Conduct related to bus behavior.

Bus stops are planned to meet State Department of Education recommendations, whereby stops shall be at least 1/4 mile apart, and within one mile of a student's home. Priority for establishing bus stops are dependent on a number of factors, the highest priority being primary students who do not have a parent, another adult or older students to supervise them to and from bus stops. In the event parents/guardians cannot agree upon a centralized neighborhood stop, the administration may have to establish such stops between houses.

In the event of inclement weather, including heavy overcast with probable precipitation, or the temperature announced over the local radio station shortly before being transported is below 36 degrees busses will stop at each student's driveway on county and state roads.

Riding the bus is a privilege not a right. The following rules and regulations pertain to all students who ride busses either part-time or full-time:

1. While riding the bus, students are under the supervision of the driver and must obey the driver at all times. **STUDENTS MAY BE ASSIGNED TO A PARTICULAR SEAT AT ANY TIME.**
2. Students are to conduct themselves in a manner such that they will not distract the attention of their driver or disturb other riders on the bus (which includes keeping hands to oneself, attending to your own matters, leaving other students alone, and being reasonably quiet).
3. No knives or sharp objects of any kind are allowed; neither firearms, pets, nor other living animals, etc.
4. Students are not to tamper with any of the safety devices such as door latches, fire extinguishers, etc.
5. Pupils must keep seated while the bus is stopped except as the driver directs. Never use the emergency door unless instructed to do so by the driver.
6. Pupils are not to put their hands, arms, heads, or bodies out of the windows. Do not yell at anyone outside the bus.
7. Students are not to deface the bus or any school property. Act 36 of 1987 places the financial liability of

parents at \$5,000.00 when their children damage or destroy public property. No food or drinks are to be taken on the bus. Keep the aisle of the bus clear of books, lunches, coats, etc. Do not put feet in the aisle.

8. Keep backpacks, purses, and other items closed and all school materials put away.
9. Drivers will not let students off the bus except at regular stops.
10. Pupils are not to ride any bus except their own; unless in case of an emergency where permission has been secured from the building principal. Due to several overloaded bus routes, students wishing to ride another bus must bring a note from their parents to the principal's office BEFORE 8:00 a.m. in order to have proper permission.
11. Do not call names or use abusive language.
12. Act 814 makes it a misdemeanor for students or adults to threaten, curse, or use abusive language to a school bus driver in the presence of students. Students shall be suspended and criminal charges filed.
13. The driver may find it necessary to establish other procedures in light of his or her own bus needs.

CONSEQUENCES:

Bus infractions will result in a minimum of a verbal warning and parental contact and the maximum of removal from the bus for the remainder of the school year. **Transporting students who have lost their transportation privileges to and from school shall become the responsibility of the student's parents or legal guardians.**

CAFETERIA

The cafeteria serves well-balanced meals prepared and served each day under sanitary conditions. All students eating breakfast or lunch must eat in the cafeteria, or they may bring a meal from home when they come to school. Students may not send out for food or have other persons bring them food purchased from off-campus facilities. Students are expected to proceed to the cafeteria and secure their meal in an orderly manner. Students that are disruptive and disorderly in the cafeteria will be subject to appropriate disciplinary actions.

Unpaid Meal Access

In accordance with Arkansas law, the District allows students whose accounts do not have enough funds to purchase a meal to receive an unpaid reimbursable meal at no charge. The District will notify a student's parents

- When the student's prepaid account balance has dropped to the point that the student will begin receiving unpaid meals;
- Each time the student receives the first unpaid meal after money has been deposited into the student's prepaid account; and
- After the student has received five (5) unpaid meals.

Students who have submitted proper documentation to receive a meal modification in accordance with Policy 4.50—SCHOOL MEAL MODIFICATIONS shall receive the same type of modification for an unpaid meal.

CHALLENGE OF INSTRUCTIONAL/SUPPLEMENTAL MATERIALS

Instructional and supplemental materials are selected for their compatibility with the District's educational program and their ability to help fulfill the District's educational goals and objectives. Individuals wishing to challenge or express concerns about instructional or supplemental materials may do so by filling out a Challenge to Instructional Material form available in the school's office.

CHECK-INS/CHECK-OUTS

Once a student reports to school, he/she cannot leave the campus without checking out through the office.

APPROVAL SHALL BE GIVEN BY THE PRINCIPAL OR HIS DESIGNEE ONLY!! When a student checks out through the principal's office, this is considered an absence and counts toward the total number.

If a student becomes ill while at school, he/she will obtain permission from the classroom teacher to go to the nurse's office. If the nurse determines that the student needs to go home, she will contact the parents and notify the middle school office that the student is leaving. If the nurse is off campus, the administration will contact the parents.

Other approved reasons for checking out after arriving at school include the following:

- Doctor/Dental appointments
- Court appearance (must bring documentation)
- Driver's license exam
- Funeral in the immediate family

Notes must be presented to the middle school principal or his designee prior to the beginning of the school day. When a student a) arrives at school late or b) checks out and returns to school the same day, he/she must sign in at the principal's office. If questions arise concerning the legitimacy of the absence, the administration reserves the right to request further documentation from the parent. Students who do not check out or check in properly will be considered truant and the penalties for truancy will apply. This policy is inclusive of all students regardless of age or grade.

CLASSROOM RULES AND PROCEDURES

Individual teachers may have specific rules designed for his/her classroom in addition to the general rules used by each teacher. The rules must be consistent with other handbook and school board policies. The teacher will document all warnings and efforts to put a stop to the unwanted behavior. The teacher may use extra assignments, writing themes or sentences, or lunch time detention in the classroom as a means to punish unwanted behavior. If the efforts of the teacher are not successful, then the principal should be consulted.

COMMUNICABLE DISEASES AND PARASITES

Students with communicable diseases or with human host parasites that are transmittable in a school environment shall demonstrate respect for other students by not attending school while they are capable of

transmitting their condition to others. Students whom the school nurse determines are unwell or unfit for school attendance or who are believed to have a communicable disease or condition will be required to be picked up by their parent or guardian. Specific examples include, but are not limited to: chicken pox, measles, scabies, conjunctivitis (Pink Eye), impetigo/MRSA (Methicillin-resistant Staphylococcus Aureus), streptococcal and staphylococcal infections, ringworms, mononucleosis, Hepatitis A, B or C, mumps, vomiting, diarrhea, and fever (100.4 F. when taken orally). A student who has been sent home by the school nurse will be subsequently readmitted at the discretion of the school nurse, when the student is no longer a transmission risk. In some instances, a letter from a health care provider may be required prior to the student being readmitted to the school.

To help control the possible spread of communicable diseases, school personnel shall follow the District's exposure control plan when dealing with any blood borne, foodborne, and airborne pathogens exposures.

Standard precautions shall be followed relating to the handling, disposal, and cleanup of blood and other potentially infectious materials such as all body fluids, secretions, and excretions (except sweat).

In accordance with 4.57—IMMUNIZATIONS the District shall maintain a copy of each student's immunization record and a list of individuals with exemptions from immunization which shall be education records as defined in the PRIVACY OF STUDENT'S RECORDS/DIRECTORY INFORMATION. That policy provides that an education record may be disclosed to appropriate parties in connection with an emergency if knowledge of the information is necessary to protect the health or safety of the student or other individuals.

A student enrolled in the District who has an immunization exemption may be removed from school at the discretion of the Arkansas Department of Health during an outbreak of the disease for which the student is not vaccinated. The student may not return to the school until the outbreak has been resolved and the student's return to school is approved by the Arkansas Department of Health.

The parents or legal guardians of students found to have live human host parasites that are transmittable in a school environment will be asked to pick up their child at the end of the school day. The parents or legal guardians will be given information concerning the eradication and control of human host parasites. A student may be readmitted after the school nurse or designee has determined the student no longer has live human host parasites that are transmittable in a school environment.

Each school may conduct screening of students for human host parasites that are transmittable in a school environment as needed. The screenings shall be conducted in a manner that respects the privacy and confidentiality of each student.

CONTACT WITH STUDENTS WHILE AT SCHOOL

Parents wishing to speak to their children during the school day shall register first with the office.

CONTACT BY NON-CUSTODIAL PARENTS

If there is any question concerning the legal custody of the student, the custodial parent shall present documentation to the principal or his/her designee establishing the parent's custody of the student. It shall be the responsibility of the custodial parent to make any court ordered "no contact" or other restrictions regarding the non-custodial parent known to the principal by presenting a copy of a file-marked court order. Without such a court order on file, the school will release the child to either of his/her parents. Non-custodial parents who file with the principal a date-stamped copy of current court orders granting unsupervised visitation may eat lunch, volunteer in their child's classroom, or otherwise have contact with their child during school hours and the prior approval of the school's principal. Such contact is subject to the limitations outlined in Policy 4.16, Policy 6.5, and any other policies that may apply.

Unless prior arrangements have been made with the school's principal, Arkansas law provides that the transfer of a child between his/her custodial parent and non-custodial parent, when both parents are present, shall not take place on the school's property on normal school days during normal hours of school operation.

CONTACT BY LAW ENFORCEMENT, SOCIAL SERVICES, OR BY COURT ORDER

State Law requires that Department of Human Services employees, local law enforcement, or agents of the Crimes Against Children Division of the Division of Arkansas State Police, may interview students without a court order for the purpose of investigating suspected child abuse. In instances where the interviewers deem it necessary, they may exercise a "72-hour hold" without first obtaining a court order. Except as provided below, other questioning of students by non-school personnel shall be granted only with a court order directing such questioning, with permission of the parents of a student (or the student if above eighteen [18] years of age), or in response to a subpoena or arrest warrant.

If the District makes a report to any law enforcement agency concerning student misconduct or if access to a student is granted to a law enforcement agency due to a court order, the principal or the principal's designee shall make a good faith effort to contact the student's parent, legal guardian, person having lawful control of the student, or person acting in loco parentis. The principal or the principal's designee shall not attempt to make such contact if presented documentation by the investigator that notification is prohibited because a parent, legal guardian, person having lawful control of the child, or person standing in loco parentis is named as an alleged offender of the suspected child maltreatment. This exception applies only to interview requests made by a law enforcement officer, an investigator of the Crimes Against Children Division of the Department of Arkansas State Police, or an investigator or employee of the Department of Human Services.

In instances other than those related to cases of suspected child abuse, principals must release a student to either a police officer who presents a subpoena for the student, or a warrant for arrest, or to an agent of state social services or an agent of a court with jurisdiction over a child with a court order signed by a judge. Upon release of the student, the principal or designee shall give the student's parent, legal guardian, person having lawful control of the student, or person acting in loco parentis notice that the student has been taken into custody by law enforcement personnel or a state's social services agency. If the principal or designee is unable to reach the parent, he or she shall make a reasonable, good faith effort to get a message to the parent to call the principal or designee, and leave both a day and an after-hours telephone number.

CONTACT BY PROFESSIONAL LICENSURE STANDARDS BOARD INVESTIGATORS

Investigators for the Professional Licensure Standards Board may meet with students during the school day to carry out the investigation of an ethics complaint.

Corporal punishment will be used only with the approval of the principal and shall be used only as a last resort before suspension. When corporal punishment is used the following guideline will be followed:

- (1) Prior to administration of corporal punishment, the student receiving the corporal punishment shall be given an explanation of the reasons for the punishment and be given an opportunity to refute the charges.
- (2) All corporal punishment
 - a. shall be administered privately, out of sight and hearing of other students.
 - b. shall not be excessive, or administered with malice
 - c. shall be administered in the presence of another school administrator or designee who shall be a licensed staff member of the same gender employed by the District.
- (3) No more than three swats will be given at one time or for any one offense.
- (4) The paddle in the principal's office is to be used unless another paddle has been approved by the principal.
- (5) Any cases of corporal punishment must be documented and put on file in the principal's office on the appropriate form.

Corporal punishment shall not be used as a form of discipline for a student who is intellectually disabled, non-ambulatory, non-verbal or autistic.

NOTE: When corporal punishment is appropriate and the student refuses such punishment, a one day out-of- school suspension will be applied.

DAILY SCHEDULE

Students arriving at school are to go to the designated areas in the mornings. Students should not arrive on campus (including parking lots) before 7:30 A.M. NOTE: A detailed bell schedule will be sent home the first day of school.

DETENTION HALL

Glen Rose Middle School will operate a morning detention hall (DH) for the less serious rule infractions. If a student has been assigned to DH, the student will receive an email notification as to the rule violation and the assigned days to attend. On the designated days, the student will report to DH at 7:30 a.m. with assignments or class work. Students will remain in DH until the first bell at 7:50. Being late to DH, talking during DH, or not working during assignment time may result in extra assigned days of DH for the student. In the instance of excessive detention hall assignment or failure to report to detention hall, students may be assigned to Saturday School or may be suspended. The number of days of suspension or Saturday School shall increase with each subsequent case of no show to DH. Failure to sign DH slip will be considered insubordination. This will result in either Saturday school or suspension. An accumulation of seven (7) days assignment to detention hall will result in being assigned to Saturday school.

DISCIPLINE

The Glen Rose Board of Education has a responsibility to protect the health, safety, and welfare of the District's students and employees. To help maintain a safe environment conducive to high student achievement, the Board establishes policies necessary to regulate student behavior to promote an orderly school environment that is respectful of the rights of others and ensures the uniform enforcement of student discipline. Students are responsible for their conduct that occurs:

- At any time on the school grounds;
- Off school grounds at a school sponsored function, activity, or event; and
- Going to and from school or school activity.

The ranges of disciplinary consequences include verbal warning through a recommendation for expulsion. Students with disabilities who engage in misconduct are subject to normal disciplinary rules and procedures so long as such treatment does not abridge the right to a free appropriate public education (FAPE). Discipline for students with disabilities will be consistent with the Individual Education Plan and with IDEA (Individuals with Disabilities Act) current procedures. Students with disabilities are not exempted from discipline. (IDEA 504, PL 94-142).

Students are expected to follow the provisions of this handbook and obey the directions of certified teachers as well as non-certified staff and school volunteers who have been assigned responsibilities that include the supervision or oversight of students. Failure to follow the directions of a volunteer or non-certified staff member is a violation of this handbook, and will result in disciplinary action being taken against the student, ranging from a warning to expulsion. Non-certified, non-instructional staff and school volunteers may not discipline students directly, except as otherwise provided, but are to refer discipline violations to a certified teacher or school administrator.

A student may be suspended or expelled for immorality, refractory conduct, insubordination, infectious disease, habitual uncleanliness, or other conduct that would tend to impair the discipline of the school or harm the other pupils, regardless of whether the student's conduct occurs on or off campus and during or between school terms regardless of whether a specific prohibition of the conduct is contained in this student handbook.

Each student will have an individual discipline plan which will outline how many times he/she has been in the office for discipline and what punishment has been received. An administrator's decision about which disciplinary response is appropriate may depend on the severity of the offense, motive, prior offenses, and effects of the offense. Some offenses may result in a severe response such as suspension or expulsion on the first offense.

The District's administrators may also take disciplinary action against a student for off-campus conduct occurring at any time that would have a detrimental impact on school discipline, the educational environment, or the welfare of the students and/or staff. A student who has committed a criminal act while off campus and whose presence on campus could cause a substantial disruption to school or endanger the welfare of other students or staff is subject to disciplinary action up to and including expulsion. Such acts could include, but are not limited to a felony or an act that would be considered a felony if committed by an adult, an assault or battery, drug law violations, or sexual misconduct of a serious nature. Any disciplinary action pursued by the District shall be in accordance with the student's appropriate due process rights.

The District's personnel policy committee shall annually review the District's student discipline policies, including State and District student discipline data, and may recommend changes to the policies to the Glen Rose School Board. The Board has the responsibility of determining whether to approve any recommended changes to student discipline policies.

The District's student discipline policies shall be distributed to each student during the first week of school each year and to new students upon their enrollment. Each student's parent, legal guardian, person having lawful control of the student, or person standing in loco parentis shall sign and return to the school an acknowledgement form documenting that they have received the policies.

The District shall develop and provide programs, measures, or alternative means and methods for continued student engagement and education access during periods of suspension or expulsion.

The superintendent is authorized to modify the penalties set forth in the District's student discipline policies on a case-by-case basis.

It is required by law that the principal or the person in charge report to the police any incidents the person has personal knowledge of or has received information leading to a reasonable belief a person has committed or threatened to commit an act of violence or any crime involving a deadly weapon on school property or while under school supervision. If the person making the report is not the Superintendent, that person shall also inform the Superintendent of the incident. Additionally, the principal shall inform any school employee or other person who initially reported the incident that a report has been made to the appropriate law enforcement agency. The Superintendent or designee shall inform the Board of Directors of any such report made to law enforcement.

The superintendent shall make a report annually to the Board of Directors on student discipline data, which shall include, without limitation: the number of incidents of bullying reported and the actions taken regarding the reported incidents of bullying.

DISTRIBUTION OF LITERATURE

No literature or announcements will be distributed to students at school without clearance from the principal's office.

DRESS AND GROOMING

The Glen Rose Board of Education recognizes that dress can be a matter of personal taste and preference. At the same time, the District has a responsibility to promote an environment conducive to student learning. This requires limitations to student dress and grooming that could be disruptive to the educational process because they are immodest, disruptive, unsanitary, unsafe, could cause property damage, or are offensive to common

standards of decency.

Students are prohibited from wearing, while on the school grounds during the school day and at school-sponsored events, clothing that exposes underwear, buttocks, or the breast(s) of a female. The prohibition does not apply, however, to a costume or uniform worn by a student while participating in a school-sponsored activity or event.

The Superintendent shall establish student dress codes for the District's schools, to be included in the student handbook, and are consistent with the above criteria.

The rules of this dress code are intended from a pedagogical standpoint to help avoid disruption and distraction in the classroom, foster respect for authority and discipline, provide conformity to community standards, and promote health and safety. Each year a committee will be convened to discuss changes in the dress code policies. This committee will consist of an administrator, teachers, and a parent representative.

The freedom of an individual may be restricted in order to reach educational objectives. Personal freedoms are not absolute—they must yield when they intrude on the freedom of others. The school administration carries the burden of infringing upon an individual's freedom in order that an educational goal might be met. The administration believes strongly that teachers have the right to teach in an atmosphere conducive to teaching and learning.

The primary function of the school administration concerning a dress policy is serving the interest of the community in requiring the educators of its children to allocate their time primarily to the educational process. The administration realizes it is extremely difficult to develop a dress code which will cover all situations which might arise during the school year as the style of dress changes from month to month and season to season. The administration believes the primary responsibility of determining student dress and appearance lies with the parent, then with the student. The school administration is the final authority regarding the dress code unless approved by the administration.

The following are not permitted at Glen Rose:

1. Garments that are see-through, garments that are made of spandex, and/or garments with bare backs.
2. Tank tops and tops with spaghetti straps are not permitted; all tops must have at least a three (3) inch shoulder strap and must not expose any other area of the body other than the arm. Uncovered midriffs or shirts with sides that are split are prohibited. Midriff must be covered even when arms are extended above their head. (This will prevent midriff from being exposed when standing or sitting).
3. Pants that are not worn on the waist or too tight. Leggings, jeggings, or other tight fitting pants may only be worn under a shirt or skirt that is mid-thigh in length. If the administration feels that this policy dress code is being abused, the privilege of wearing leggings and jeggings will be rescinded.
4. Head coverings will not be allowed in any building.
5. Chains of any kind.
6. Clothing of any kind that advertises tobacco, alcohol or drugs, or has disruptive, offensive, or obscene language or pictures. Any clothing with inappropriate insinuations will not be allowed. Example: T-shirts with double meanings.
7. Shorts, skirts, or dresses above mid-thigh in length. **No running shorts** (Nike tempo or other brands) may be worn at school. Hemlines will be no shorter than the fingertips when the arms are completely extended on the leg. If the administration feels that the shorts policy dress code is being abused, the privilege of wearing shorts will be rescinded.
8. No pajamas, bedroom slippers, or house shoes.
9. No clothing will be permitted that in any way makes visible, or gives the illusion, of exposing undergarments. Clothing should not be in an extreme state of disrepair and skin should not be visible in pants or shorts above mid-thigh.
10. Facial jewelry with the exception of earrings worn in the ears is not allowed. Any jewelry worn in the ear that the administration deems excessive will not be allowed.

11. Any hairstyles or hair coloring deemed disruptive to the educational process will not be permitted.
12. No trench coats or full length coats.

Any clothing, jewelry or accessory that the administration deems as inappropriate in an educational setting, presenting a safety concern or that causes a disruption in the educational process will be prohibited.

When students arrive on campus improperly dressed, the parents will be called and given the opportunity to bring appropriate clothing. In the meantime, the student will be given appropriate covering and sent to class or if covering is not available the student will be sent to in-school suspension. If the parent cannot bring clothing, the student will wear the covering the remainder of the day or if covering unavailable report to in-school suspension for the remainder of the day.

The student will not be allowed to leave campus to change clothing. The penalty for improper dress is: a minimum of a warning with the option to change into proper attire and a maximum of suspension.

DRUG FREE ENVIRONMENT

The Glen Rose School District recognizes its responsibility to students to provide a drug free school. The district also recognizes that substance abuse is a significant health problem for students, detrimentally affecting overall health, behavior, learning ability, reflexes, and the total development of each individual. Substance abuse includes, but is not limited to, the use of illegal drugs, alcohol, and the abuse or misuse of legal drugs and medications. The Glen Rose Schools provides a K-12 drug prevention program.

The possession, sale (accepting money or property), distribution, or misuse of alcohol, prescribed/non-prescribed, or illegal drugs will not be tolerated.

Violations of this policy may result in suspension, expulsion, or other disciplinary action deemed appropriate by the district.

DRUG TESTING KIT AVAILABILITY

The Glen Rose Middle School provides drug-testing kits to parents through our school nurse. These kits are designed to be used by parents in the privacy of their home. School officials will not be involved unless the parent requests involvement. There are two types of kits available; one test is for alcohol and the other is for illegal drugs. Results are available in three to five minutes and can be interpreted by a parent or guardian. The cost for each kit is \$6.00. Please contact the school nurse for information or to obtain the kit.

DRUG TESTING POLICY - MANDATORY DRUG TESTING

Mission Statement:

The Glen Rose School District recognizes that substance abuse is a significant health problem for students. Detrimentally affecting overall health, behavior, learning ability reflexes, and the total development of each individual. Substance abuse includes, but is not limited to, the use of illegal drugs, alcohol, and the abuse or misuse of legal drugs and medications.

Policy Statement:

Glen Rose School District ("the district") is conducting a mandatory drug-testing program for students. Its purpose is threefold: (1) to provide for the health and safety of students in all Extracurricular Activity Programs grades 7 -12, and any student who parks on campus; (2) to undermine the effects of peer pressure by providing a legitimate reason for students to refuse illegal drugs; and (3) to encourage students who use drugs to participate in drug treatment programs.

The Drug Testing Policy permission form must be returned to the school within the first week of attendance. New students to the district must return this form within one week from their enrollment date. Any student wishing to participate in the drug testing at a later time must return the permission form on or before the end of the first week of the second semester. Forms will not be accepted beyond the 1st week of the second semester unless the student is a new enrollee. Once the permission form is processed, then the student becomes eligible to participate in extracurricular activities. This includes walking in the graduation ceremony, parking on campus, and any other event or privilege.

Definitions:

Drug: Any Substance considered illegal by Arkansas Statutes or which is controlled by the Food and Drug Administration unless prescribed by a licensed physician.

Activity Programs: The provisions of this policy apply to students in Glen Rose Schools in grades 7 thru 12. No student will be allowed to participate in any school activity (any activity outside the regular curriculum) or park on campus until the consent form has been signed by both student and custodial parent/legal guardian and returned to the school. Positive screening results are considered cumulative and follow the student for the duration of enrollment in Glen Rose School District.

Procedure:

Type of Testing-The District will utilize a random testing procedure. Urinalysis is the method utilized to test for the presence of illegal drugs and/or prescribed drugs or medications. The District will not randomly test for alcohol. Testing procedure will follow guidelines established by the United States Department of Health and Human Services. Laboratories certified by NIDA (National Institute on Drug Abuse) will be used.

Selection Process -While students are participating in activities including practice and scheduled events, or parking on campus, they will be subject to random selection for testing. Each student will be assigned a number. At the beginning of each month of the year while students are participating in activities, days will be selected for testing. On the selected days numbers will be drawn from a box or generated by a computer. The amount of numbers drawn will be at the discretion of the superintendent. If any student whose number is drawn is absent on that day, the selection process will continue until the number of students selected for testing equals the number representing the percentage of students designated for random testing.

Refusal to Submit- Any Student who refuses to submit to random drug testing shall not be allowed to participate in any extracurricular activity, or park on campus for the remainder of the school year.

Results of Positive Test

Upon receipt of a positive test results for any student:

1. The superintendent shall notify the student and the student's custodial parent/legal guardian. Substance abuse counseling for the student will be strongly recommended. The school district will provide free evaluation through a community network to determine the medical needs of the student. Students will be dropped from any activity or park on campus for twenty-one (21) calendar days. A student may be required to practice or participate in off-season activities at the head coach or sponsor's discretion. He/she cannot compete or dress out for any competition, or be a part of any extra activity sponsored by the district. The student may have the specimen tested at the student's expense at another laboratory approved by the district.
2. At the end of 21 days, the student will be tested again. If that test or any subsequent test during the school year is positive, the student will be dropped from all extracurricular activities for the remainder of the school term. If treatment is required, expenses will be incurred by the custodial parent/legal guardian. Any student who refuses to enroll in and complete a substance abuse counseling program approved by the District shall be suspended for the remainder of the school term. To regain eligibility for the next school term, the student must obtain a negative result from a test administered by the District.

An Exception shall be made in the case of steroids or other drugs that could take more than twenty-one (21) calendar days to leave a student's system. In those cases, at the student's expense the student must obtain a written opinion from a physician approved by the District stating that the student may safely return to participation in extracurricular activities or the event. The student and/or custodial parent/legal guardian may also present to the superintendent a medical explanation for the positive result (e.g., that the student legally takes prescription or over-the-counter medication). Upon providing such explanation, the student and the custodial parent/legal guardian must sign medical information releases allowing the District to verify the explanation with the student's doctor. Should such explanation not be satisfactory, the above-described sanctions shall be imposed.

3. The superintendent shall communicate positive results through a conference with the custodial parent/legal guardian. The appropriate coach or other activity leader, the principal, and the counselor will be notified that the student has violated school policy and the action taken under the policy. School personnel shall not communicate test results beyond those designated individuals. Positive test results shall not be communicated to police or other law enforcement officials absent legal compulsion by valid and binding subpoena or other legal process, which the district shall not solicit. Positive test results shall not be placed in a student's permanent record file.
4. Negative test results will be made available to the student or the student's custodial parent/legal guardian upon written request.
5. The Glen Rose School Board's President and Secretary will have access to all student random drug results.

Testing Procedure

Analysis of Urine Specimens

The initial urinalysis method shall be an immunoassay screen. If a specimen test positive for any substance being checked, a confirmation test, utilizing gas chromatography/mass spectrometry GC/MS, shall be conducted on the specimen. If the result of the GC/MS is negative for the suspected substance or substances the student shall be considered to have had a negative result.

All test results from the laboratory shall be communicated only to the superintendent and principal. To insure proper testing procedures, United States Department of Health and Human Services Standards as defined by NIDA (National Institute on Drug Abuse) certified laboratories will be followed.

The testing laboratory will retain a portion of each specimen which tests positive for a period of one year.

Collection Procedure

Any Student who is requested to and agrees to provide a urine specimen shall be directed to a collection site where the student will complete the necessary forms, including a consent form, and provide a specimen. Students selected, as part of the random test provisions will be required to execute an additional consent form. The collection site will be a designated bathroom.

An observer/Nurse will be present at the collection site. The observer will positively identify the student. The student shall not be directly observed while providing the specimen unless there is reason to believe that a particular student may alter or substitute the specimen to be provided.

The observer/Nurse will seal the specimen container with tamper-resistant tape in the presence of the student and the student will initial the tape. The observer/Nurse will complete the necessary remaining chain of custody/consent documentation and forward the specimen to the laboratory for testing.

Cost of Testing

The District pays for all costs of reasonable suspicion and random drug testing required by the

District. Consent

All students who desire to participate in extracurricular activities, or park on campus will be required to sign a form consenting to the random testing. The form must be co-signed by the student's custodial parent/legal

guardian. No student shall be allowed to participate in any extracurricular activity or park on campus until the consent form has been signed by both student and custodial parent/legal guardian and returned to the middle school principal.

Severability

If any sentence, clause, provision, or paragraph of this entire policy were deemed unlawful or unconstitutional, it is intended that the remaining provisions shall remain in full force and effect.

Reasonable Suspicion Provisions

A. General

The use or possession of illegal drugs or alcohol by a student on property under the control of the District or prior to entering property controlled by the District or at a District sponsored event where the illegal drug or alcohol has the possibility of impairing the student is a violation of this policy. The presence of an illegal drug or its metabolites or alcohol in a student's body is considered possession.

B. Reasonable Suspicion

Reasonable suspicion is defined as a reasonable suspicion by the Superintendent, Principal, or other District employee, that a student has used, possessed or sold illegal drugs on District property or has used illegal drugs off of District property, but is on District property or at a District sponsored event while under the influence of the illegal drugs or that a student has used or possessed alcohol off of District property, but is on District property or at a District sponsored event while under the influence of alcohol or that a student is abusing or misusing prescription medications on District property, or has used a prescription medication off District property, but is on District property while under the influence of the prescribed medication.

C. Actions Based Upon Reasonable Suspicion

Once reasonable suspicion has been established, the Superintendent or Principal or their designee may request the student to submit to a search.

A search of a student may include, but is not limited to the student's outer-clothing, vehicle, locker, desk, and other storage places under control of the District, articles of clothing, and accessories, such as briefcases, purses, book bags, and pockets. A search may also include a request for a student to provide a specimen of breath or urine to be tested for the presence of illegal drugs or alcohol.

The District will not request permission from a student to search property under control of the District; the student has no expectation of privacy of that property. The District will request permission to search a student's property that is on property controlled by the District. Students have no expectation of privacy in their property while on property under the control of the District.

If the student and/or the student's custodial parent/legal guardian agree to the search of the student's outer clothing, the search will be limited to inspection of cuffs, pockets, sleeves, purses, bags, briefcases, outer-clothing garments such as coats or jackets, shoes and socks.

Any illegal drugs or alcohol discovered during a search may be used in disciplinary proceedings and will be provided to law enforcement officials.

A student shall be suspended for five days if the student refuses to submit to a search or drug test upon request and/or if the student's custodial parent/legal guardian refuses to allow the search. After return from this first suspension, a student shall be expelled for the remainder of the school term if the student or the student's custodial parent/legal guardian refuses to submit to a subsequent search. This subsequent search must be based upon reasonable suspicion independent from the evidence giving rise to the reasonable suspicion for the first search.

EXPULSION

The Board of Education may expel a student for a period longer than ten (10) school days for violation of the District's written discipline policies. The Superintendent may make a recommendation of expulsion to the Board of Education for student conduct:

- Deemed to be of such gravity that suspension would be inappropriate;
- Where the student's continued attendance at school would disrupt the orderly learning environment; or
- Would pose an unreasonable danger to the welfare of other students or staff.

Expulsion shall not be used to discipline a student in kindergarten through fifth (5th) grade unless the student's behavior:

- a. Poses a physical risk to himself or herself or to others;
- b. Causes a serious disruption that cannot be addressed through other means; or
- c. Is the act of bringing a firearm on school campus.

The Superintendent or his/her designee shall give written notice to the parents, legal guardians, persons having lawful control of the student, or persons standing in loco parentis (mailed to the address reflected on the District's records) that he/she will recommend to the Board of Education that the student be expelled for the specified length of time and state the reasons for the recommendation to expel. The notice shall give the date, hour, and place where the Board of Education will consider and dispose of the recommendation.

The hearing shall be conducted not later than ten (10) school days following the date of the notice, except that representatives of the Board and student may agree in writing to a date not conforming to this limitation.

The President of the Board, Board attorney, or other designated Board member shall preside at the hearing. The student may choose to be represented by legal counsel. Both the district administration and School Board also may be represented by legal counsel. The hearing shall be conducted in open session of the Board unless the parent, legal guardian, person having lawful control of the student, or person standing in loco parentis, or student if age eighteen (18) or older, requests that the hearing be conducted in executive session. Any action taken by the Board shall be in open session.

During the hearing, the Superintendent, or designee, or representative will present evidence, including the calling of witnesses that gave rise to the recommendation of expulsion. The student, or his/her representative, may then present evidence including statements from persons with personal knowledge of the events or circumstances relevant to the charges against the student. Formal cross-examination will not be permitted. However, any member of the Board, the Superintendent, or designee, the student, or his/her representative may question anyone making a statement and/or the student. The presiding officer shall decide questions concerning the appropriateness or relevance of any questions asked during the hearing.

Except as permitted by the Weapons policy, the Superintendent shall recommend the expulsion of any student for a period of one (1) year for possession of any firearm prohibited on school campus by law. The Superintendent shall, however, have the discretion to modify the expulsion recommendation for a student on a case-by-case basis. Parents, legal guardians, persons having lawful control of the student, or persons standing in loco parentis of a student enrolling from another school after the expiration of an expulsion period for a weapons policy violation shall be given a copy of the current laws regarding the possibility of parental responsibility for allowing a child to possess a weapon on school property. The parents, legal guardians, persons having lawful control of the student, or persons standing in loco parentis shall sign a statement acknowledging that they have read and understand said laws prior to the student being enrolled in school.

The Superintendent and the Board of Education shall complete the expulsion process of any student that was initiated because the student possessed a firearm or other prohibited weapon on school property regardless of the enrollment status of the student.

The District shall establish programs, measures, or alternative means and methods to continue student engagement and access to education during a student's period of expulsion. The District's program shall include offering an expelled student an opportunity for enrollment in digital learning courses or other alternative educational courses that result in the receipt of academic credit that is at least equal to credit the expelled student may have received from the District if the student had not been expelled.

FIELD TRIPS

Glen Rose School does, in order to enrich the student educational process, provide for opportunities for field trips away from school. The trips are intended to expose the students to a variety of cultural and educational experiences. These activities must not be excessive and detrimental to the student's basic education. Students with undesirable behavior will not be allowed to participate. A student will be notified not less than 24 hours if he/she is ineligible to participate in a field trip.

If a student cannot participate in a field trip and the trip is part of the student's grade, the student will be given an alternate assignment of equal value. Student conduct while on the field trip will be governed as per handbook policy.

FREE TEXTBOOKS

Books are purchased by the school with the expectation of using them for a period of six years. Students who lose, destroy or deface books which are issued to them will be charged with the responsibility of paying for these items on a prorated basis. Students are not accountable for wear which occurs from normal use of a book.

GANGS AND GANG ACTIVITY

The Board is committed to ensuring a safe school environment conducive to promoting a learning environment where students and staff can excel. An orderly environment cannot exist where unlawful acts occur causing fear, intimidation, or physical harm to students or school staff.

Gangs, secret societies, or other similar groups, whether organized in the community or in other settings, are prohibited on the school grounds and campus at any school-sponsored activity.

Gangs and their activities create such an atmosphere and shall not be allowed on school grounds or at school functions. Gang-related activity – whether genuine or a pretense that is identified by school officials will result in a minimum out of school suspension and a maximum of permanent expulsion.

The following actions are prohibited by students on school property or at school functions:

1. Wearing or possessing any clothing, bandanas, jewelry, symbol, or other sign associated with membership in, or representative of, any gang;
2. Engaging in any verbal or nonverbal act such as throwing signs, gestures, or handshakes representative of membership in any gang;
3. Recruiting, soliciting, or encouraging any person through duress or intimidation to become or remain a member of any gang; and/or
4. Extorting payment from any individual in return for protection from harm from any gang.

Students found to be in violation of this policy shall be subject to disciplinary action up to and including expulsion.

Students arrested for gang related activities occurring off school grounds shall be subject to the same disciplinary actions as if they had occurred on school grounds.

GIFTED AND TALENTED PROGRAM

The gifted and talented program is for students in grades 5 - 8. The criterion for being selected to enter this program includes a case study approach. Nomination forms for possible inclusion in the program may be obtained from the G/T Coordinator.

GRADES, EVALUATION, AND REPORTING

Report cards are issued at the end of the four nine-weeks grading periods. At the end of the second and fourth-nine weeks grading periods the student is given a cumulative grade for two nine-week periods and a semester exam, and it is this grade that is recorded on the student's permanent record. The grade at the end of the first nine-week period is in the nature of a progress report. Interested parents/guardians are encouraged to mark on their calendars the dates report cards are issued. A nine-week test is required to be given either the first or third nine weeks.

Deficiency Reports - Teachers shall send to the parent the grade of any student who is failing or making the grade of D. If the teacher feels a student is obviously capable of better work than is shown, the teacher may send a report home whatever the grade may be. The reports will have a special area where the teacher may

check off the deficiency or deficiencies of the student. Deficiency reports will be given to students to take home during the fifth (5th) week of each nine (9) week grading period. A teacher may require a student to have a parent sign the deficiency report and return it for the teacher's files.

Grades assigned to students for performance shall reflect only the extent to which a student has achieved the expressed academic objectives such as those contained in the learner outcomes and curriculum frameworks. Any criteria other than those related to educational or academic objectives shall not be utilized.

The school offers timely parent-teacher conferences. If the progress of a student is unsatisfactory in a subject, the teacher shall attempt to schedule a parent-teacher conference. If there are any concerns that a parent feels the need to discuss before conferences, the parent should call the school and set up an appointment. The faculty members are available during conference periods and after school for thirty minutes. In the conference, the teacher shall explain the reasons for difficulties and shall develop, cooperatively with the parents, a plan for remediation which may enhance the probability of the student succeeding.

The final grades of students who transfer in for part of a semester will be determined by blending the grades earned in the district with those earned outside the district. Each final grade will be the sum of the percentage of days in the grading period transferred from outside the district times the transferred grade from outside the district plus the percentage of days in the grading period while in the district times the grade earned in the district.

For example: The grading period had 40 days. A student transferred in with a grade of 83% earned in 10 days at the previous school. The student had a grade of 75% in our district's school earned in the remaining 30 days of the grading period. 10 days is 25% of 40 days while 30 days is 75% of 40 days. Thus the final grade would be $.25 (83) + .75 (73) = 75.5\%$.

GRADING SCALES/SEMESTER AVERAGES

The following grading scale as approved by ACT 576 of the 1993 legislative session will be used in computing ALL courses in grades 5 - 8:

PERCENT	GRADE	GRADE POINT	MEANING
90 – 100	A	4.00	Superior
80 – 89	B	3.00	Good
70 – 79	C	2.00	Satisfactory
60 - 69	D	1.00	Poor
Below 60	F		No Credit

An “F” indicates failure to perform with reasonable effort as well as unsatisfactory achievement. An “F” does not count toward certificate requirements.

COMPUTATION FOR NINE-WEEKS/SEMESTER AVERAGES:

1. Tests and major projects constitute at least 65% of the nine-week grade, and homework constitutes not more than 35% of such grade.
2. Semester examinations (where applicable) constitute 1/5 (20%) of the semester average, with the remaining 4/5 (80%) determined by the average of two nine-week averages.

NOTE: Conduct grades are not reflected in academic averages.

GRIEVANCE PROCEDURES

The grievance procedure is applicable to any situation not covered by law or other specific procedures provided for in board policies. This procedure may be used by a student who feels that there has been a violation, misinterpretation or inequitable application of rules and regulations, laws, or administrative order.

It is desirable that student problems be resolved at the earliest possible time and at the most immediate level of supervision. At any time during this procedure the student may obtain counsel.

Time limits for any step in the procedure may be set by mutual consent of the parties and any step not necessary may be deleted from the process.

STEP 1: A student and/or a parent/guardian who feels that he/she has a grievance should present the matter orally or in writing to the staff member involved.

STEP 2: If the problem is still unresolved the grievant may request a meeting with the principal to present the matter orally or in writing. This should be submitted within 30 days of occurrence of the problem. If the grievance is related to discrimination based on race, sex or handicapping condition the grievant may contact the Equity Coordinator for assistance.

STEP 3: If the problem is still unresolved the grievant may request the principal in writing to arrange a meeting with the Superintendent. This meeting shall be held within 10 working days after the receipt of the written request.

Date Revised: June 16, 2014

HALL PASS POLICY

All students outside of the classroom during the regular class time are responsible for having a hall pass in their possession. This includes students in the hall, on the parking lot, or in transit from one area of the campus to another. Students in violation of this policy will be subject to disciplinary action ranging from a verbal warning to out of school suspension.

HEALTH SERVICES

The Board believes that healthy children promote a better learning environment, are more capable of high student achievement, and will result in healthier, more productive adults. Therefore, the goal of the District's health services is to promote a healthy student body. This requires both the education of students concerning healthy behaviors, as well as providing health care services to pupils.

While the school nurse is under the supervision of the school principal the delegation of health care duties shall be in accordance with the Arkansas Nurse Practice Act and the Arkansas State Board of Nursing rules and regulations, Chapter Five: Delegation of Nursing Care.

HOME ACCESS CENTER (HAC)

The Glen Rose School district offers Home Access Center (HAC) for parents. It is a useful tool for parents to keep up to date with a student's grades online. Only the parent/guardian can receive an activation code from the principal's office. When an account has been activated, and the school has posted information, HAC can be used to check a student's latest grades, receive email alerts when grades are posted, receive emails with school or class information, see what homework is not turned in, view attendance and view a school calendar. If HAC is not current with the student's grades please contact the principal's office.

HOME SCHOOLING

Enrollment in Home School

Parents or legal guardians desiring to provide a home school for their children shall give written notice to the Superintendent of their intent to homeschool. The notice shall be given:

1. At the beginning of each school year, but no later than August 15;
1. Fourteen (14) calendar days prior to withdrawing the child (provided the student is not currently under disciplinary action for violation of any written school policy, including, but not limited to, excessive absences) and at the beginning of each school year thereafter; or
3. Within thirty (30) calendar days of the parent or legal guardian establishing residency within the district during the school year.

Written notice of the parent or legal guardian's intent to homeschool shall be delivered to the Superintendent through any of the following methods:

- Electronically, including without limitation by email;
- By mail; or
- In person.

The notice shall include:

- a. The name, sex, date of birth, grade level, and the name and address of the school last attended, if any;
- b. The mailing address and telephone number of the home school;
- c. The name of the parent or legal guardian providing the home school;
- d. Indicate if the home-schooled student intends to participate in extracurricular activities during the school year;
- e. A statement of whether the home-schooled student plans to seek a high school equivalency diploma during the current school year;
- f. A statement if the home-school student plans to seek a driver's license during the current school year;
- g. A statement that the parent or legal guardian agrees that the parent or legal guardian is responsible for the education of their children during the time the parents or legal guardians choose to homeschool; and
- h. A signature of the parent or legal guardian, which must be notarized if the home-schooled student plans to seek a driver's license during the school year.

To aid the District in providing a free and appropriate public education to students in need of special education services, the parents or legal guardians home-schooling their children shall provide information that might indicate the need for special education services.

Enrollment or Re-Enrollment in Public School

A home-schooled student who wishes to enroll or re-enroll in a District school shall submit:

- A transcript listing all courses taken and semester grades from the home school;
- Score of at least the thirtieth percentile on a nationally recognized norm-referenced assessment taken in the past year; and
- A portfolio of indicators of the home-schooled student's academic progress, including without limitation:
 - Curricula used in the home school;
 - Tests taken and lessons completed by the home-schooled student; and
 - Other indicators of the home-schooled student's academic progress.

If a home-schooled student is unable to provide a nationally recognized norm-referenced score, the District may either assess the student using a nationally recognized norm-referenced assessment or waive the requirement for a nationally recognized norm-referenced assessment score.

A home-schooled student who enrolls or re-enrolls in the District will be placed at a grade level and academic course level equivalent to or higher than the home-schooled student's grade level and academic course level in the home school:

1. As indicated by the documentation submitted by the home-schooled student;
2. By mutual agreement between the public school and the home-schooled student's parent or legal guardian; or
3. If the home-schooled student fails to provide the documentation required by this policy, with the exception of the nationally recognized norm-referenced assessment score, the District may have sole authority to determine the home-schooled student's grade placement and course credits. The District will determine the home-schooled student's grade placement and course credits in the same manner the District uses when determining

grade placement and course credits for students enrolling or re-enrolling in the District who attended another public or private school.

The District shall afford a home-schooled student who enrolls or re-enrolls in a public school the same rights and privileges enjoyed by the District's other students. The District shall not deny a home-schooled student who enrolls or re-enrolls in the District any of the following on the basis of the student having attended a home school:

- a. Award of course credits earned in the home school;
- b. Placement in the proper grade level and promotion to the next grade level;
- c. Participation in any academic or extracurricular activity;
- d. Membership in school-sponsored clubs, associations, or organizations;

- f. Scholarships.

HOMELESS STUDENT

The Glen Rose School District will afford the same services and educational opportunities to homeless children as are afforded to non-homeless children. The Superintendent or his/her designee shall appoint an appropriate staff person to be the local educational agency (LEA) liaison for homeless children and youth whose responsibilities shall include, but are not limited to:

- Receive appropriate time and training in order to carry out the duties required by law and this policy;
- coordinate and collaborate with the State Coordinator, community, and school personnel responsible for education and related services to homeless children and youths;
- Ensure that school personnel receive professional development and other support regarding their duties and responsibilities for homeless youths;
- Ensure that unaccompanied homeless youths:
 - Are enrolled in school;
 - Have opportunities to meet the same challenging State academic standards as other children and youths; and
 - Are informed of their status as independent students under the Higher Education Act of 1965 and that they may obtain assistance from the LEA liaison to receive verification of such status for purposes of the Free Application for Federal Student Aid;
- Ensure that public notice of the educational rights of the homeless children and youths is disseminated in locations frequented by parents or guardians of such youth, and unaccompanied homeless youths, including schools, shelters, public libraries, and soup kitchens, in a manner and form that is easily understandable.

To the extent possible, the LEA liaison and the building principal shall work together to ensure no homeless child or youth is harmed due to conflicts with District policies solely because of the homeless child or youth's living situation; this is especially true for District policies governing fees, fines, and absences.

Notwithstanding Policy 4.1, homeless students living in the district are entitled to enroll in the district's school that non-homeless students who live in the same attendance area are eligible to attend. If there is a question concerning the enrollment of a homeless child due to a conflict with Policy 4.1 or 4.2, the child shall be immediately admitted to the school in which enrollment is sought pending resolution of the dispute, including all appeals. It is the responsibility of the District's LEA liaison for homeless children and youth to carry out the dispute resolution process.

For the purposes of this policy "school of origin" means:

- The school that a child or youth attended when permanently housed or the school in which the child or youth was last enrolled, including a preschool; and
- The designated receiving school at the next grade level for all feeder schools when the child completes the final grade provided by the school of origin.

The District shall do one of the following according to what is in the best interests of a homeless child:

1. Continue the child's or youth's education in the school of origin for the duration of homelessness:
 - a. In any case in which a family becomes homeless between academic years or during an academic year; and
 - b. For the remainder of the academic year, if the child or youth becomes permanently housed during an academic year; or
2. Enroll the child or youth in any public school that non-homeless students who live in the attendance area in which the child or youth is actually living are eligible to attend.

In determining the best interest of the child or youth, the District shall:

- Presume that keeping the child or youth in the school of origin is in the child's or youth's best interest, except when doing so is contrary to the request of the child's or youth's parent or guardian, or (in the case of an unaccompanied youth) the youth;
- Consider student-centered factors related to the child's or youth's best interest, including factors related to the impact of mobility on achievement, education, health, and safety of homeless children and youth, giving priority to the request of the child's or youth's parent or guardian or (in the case of an unaccompanied youth) the youth.

If the District determines that it is not in the child's or youth's best interest to attend the school of origin or the school requested by the parent or guardian, or (in the case of an unaccompanied youth) the youth, the District shall provide the child's or youth's parent or guardian or the unaccompanied youth with a written explanation of the reasons for its determination, in a manner and form understandable to such parent, guardian, or unaccompanied youth, including information regarding the right to appeal. For an unaccompanied youth, the District shall ensure that the LEA liaison assists in placement or enrollment decisions, gives priority to the views of such unaccompanied youth, and provides notice to such youth of the right to appeal.

The homeless child or youth must be immediately enrolled in the selected school regardless of whether application or enrollment deadlines were missed during the period of homelessness.

The District shall be responsible for providing transportation for a homeless child, at the request of the parent or guardian (or in the case of an unaccompanied youth, the LEA Liaison), to and from the child's school of origin.

For the purposes of this policy, students shall be considered homeless if they lack a fixed, regular, and adequate nighttime residence and:

- A. Are:
 - Sharing the housing of other persons due to loss of housing, economic hardship, or a similar reason;
 - Living in motels, hotels, trailer parks, or camping grounds due to the lack of alternative adequate accommodations;
 - Living in emergency or transitional shelters;
 - Abandoned in hospitals;
- B. Have a primary nighttime residence that is a public or private place not designed for or ordinarily used as a regular sleeping accommodation for human beings;

- C. Are living in cars, parks, public spaces, abandoned buildings, substandard housing, bus or train stations, or similar settings; and
- D. Are migratory children who are living in circumstances described in clauses (a) through (c).

In accordance with Federal law, information on a homeless child or youth's living situation is part of the student's education record and shall not be considered, or added, to the list of directory information in Policy 4.13.

HOMEWORK POLICY

Homework is considered an integral part of the learning process. The utilization of homework is discretionary with teachers, in order to supplement, compliment and reinforce teaching and learning. Homework assignments shall take into consideration the age and ability of the student and any other applicable circumstance in the judgment of the teacher.

Homework may be included in evaluation of the progress and achievement of the student and may count up to thirty-five (35%) of the nine weeks grade.

As an extension of the classroom, homework must be planned and organized and should be viewed by the students as purposeful.

The Board of Education recognizes that individual grade levels have varying needs concerning homework and each building level student handbook will address specific policies.

Parents shall be notified of this policy at the beginning of each school year.

ILLNESS/ACCIDENT

If a student becomes too ill to remain in class and/or could be contagious to other students, the principal or designee will attempt to notify the student's parent or legal guardian. The student will remain in the school's health room or a place where he/she can be supervised until the end of the school day or until the parent/legal guardian can check the student out of school.

If a student becomes seriously ill or is injured while at school and the parent/legal guardian cannot be contacted, the failure to make such contact shall not unreasonably delay the school's expeditious transport of the student to an appropriate medical care facility. The school assumes no responsibility for treatment of the student. When available, current, and applicable, the student's emergency contact numbers and medical information will be utilized. Parents are strongly encouraged to keep this information up to date.

IMMUNIZATIONS

Definitions

"In process" means the student has received at least one dose of the required immunizations and is waiting the minimum time interval to receive the additional dose(s).

“Serologic testing” refers to a medical procedure used to determine an individual’s immunity to Hepatitis B, Measles, Mumps, Rubella and Varicella.

General Requirements

Unless otherwise provided by law or this policy, no student shall be admitted to attend classes in the District who has not been age appropriately immunized against:

- Poliomyelitis;
- Diphtheria;
- Tetanus;
- Pertussis;
- Red (rubeola) measles;
- Rubella;
- Mumps;
- Hepatitis A;
- Hepatitis B;
- Meningococcal disease;
- Varicella (chickenpox); and
- Any other immunization required by the Arkansas Department of Health (ADH).

The District administration has the responsibility to evaluate the immunization status of District students. The District shall maintain a list of all students who are not fully age appropriately immunized or who have an exemption provided by ADH to the immunization requirements based on medical, religious, or philosophical grounds. Students who are not fully age appropriately immunized when seeking admittance shall be referred to a medical authority for consultation.

The only types of proof of immunization the District will accept are immunization records provided by:

- A. Licensed physician;
- B. Health department;
- C. Military service; or
- D. Official record from another educational institution in Arkansas.

The proof of immunization must include the vaccine type and dates of vaccine administration. Documents stating “up-to-date”, “complete”, “adequate”, and the like will not be accepted as proof of immunization. No self or parental history of varicella disease will be accepted. Valid proof of immunization and of immunity based on serological testing shall be entered into the student’s record.

In order to continue attending classes in the District, the student must have submitted:

- 1) Proof of immunization showing the student to be fully age appropriately vaccinated;
- 2) Written documentation by a public health nurse or private physician of proof the student is in process of being age appropriately immunized, which includes a schedule of the student’s next immunization;
- 3) A copy of a letter from ADH indicating immunity based on serologic testing; and/or
- 4) A copy of the letter from ADH exempting the student from the immunization requirements for the current school year, or a copy of the application for an exemption for the current school year if the exemption letter has not yet arrived.

Students whose immunization records or serology results are lost or unavailable are required to receive all age appropriate vaccinations or submit number 4 above.

Temporary Admittance

While students who are not fully age appropriately immunized or have not yet submitted an immunization waiver may be enrolled to attend school, such students shall be allowed to attend school on a temporary basis only. Students admitted on a temporary basis may be admitted for a maximum of thirty (30) days (or until October 1st

of the current school year for the tetanus, diphtheria, pertussis, and meningococcal vaccinations required at ages eleven (11) and sixteen (16) respectively if October 1st is later in the current school year than the thirty (30) days following the student's admittance). No student shall be withdrawn and readmitted in order to extend the thirty (30) day period. Students may be allowed to continue attending beyond the thirty (30) day period if the student submits a copy of either number 2 or number 4 above.

Students who are in process shall be required to adhere to the submitted schedule. Failure of the student to submit written documentation from a public health nurse or private physician demonstrating the student received the vaccinations set forth in the schedule may lead to the revocation of the student's temporary admittance; such students shall be excluded from school until the documentation is provided.

The District will not accept copies of applications requesting an exemption for the current school year that are older than two (2) weeks based on the date on the application. Students who submit a copy of an application to receive an exemption from the immunization requirements for the current year to gain temporary admittance have thirty (30) days from the admission date to submit either a letter from ADH granting the exemption or documentation demonstrating the student is in process and a copy of the immunization schedule. Failure to submit the necessary documentation by the close of the thirty (30) days will result in the student being excluded until the documentation is submitted.

Exclusion From School

In the event of an outbreak, students who are not fully age appropriately immunized, are in process, or are exempt from the immunization requirements may be required to be excluded from school in order to protect the student. ADH shall determine if it is necessary for students to be excluded in the event of an outbreak. Students may be excluded for twenty-one (21) days or longer depending on the outbreak. No student excluded due to an outbreak shall be allowed to return to school until the District receives approval from ADH.

Students who are excluded from school are not eligible to receive homebound instruction unless the excluded student had a pre-existing IEP or 504 Plan and the IEP/504 team determines homebound instruction to be in the best interest of the student. To the extent possible, the student's teacher(s) shall place in the principal's office a copy of the student's assignments:

- for the remainder of the week by the end of the initial school day of the student's exclusion; and
- by the end of each school's calendar week for the upcoming week until the student returns to school.

It is the responsibility of the student or the student's parent/legal guardian to make sure that the student's assignments are collected.

Students excluded from school shall have five (5) school days from the day the student returns to school to submit any homework and to make up any examinations. State mandated assessments are not included in "examinations" and the District has no control over administering state mandated make-up assessments outside of the state's schedule. Students shall receive a grade of zero for any assignment or examination not completed or submitted on time.

Annually by December 1, the District shall create, maintain, and post to the District's website a report that includes the following for each disease requiring an immunization under this policy:

- The number of students in the District that were granted an exemption by the Department of Health from an immunization;
- The percentage of students in the District that were granted an exemption by the Department of Health from an immunization; and
- The percentage of a population that must receive an immunization for herd immunity to exist.

IN-SCHOOL SUSPENSION

Glen Rose Middle School operates an in-school suspension program. An attempt to notify parents will be made when a student has been assigned In-School Suspension. Placement of students in this program will be made for disruptive behavior or violation of school rules. ISS is a structured environment that is very restrictive. Students are assigned to this program for various disciplinary infractions. Initial assignment to ISS will be fifteen days or less. An assignment of students to ISS by school district administration is not subject to appeal or review to the Glen Rose School District Board of Directors. A student will not be allowed to participate in or attend Glen Rose School activities on or off campus while assigned to in-school suspension. The student may return to participation in activities when he/she returns to his/her regular classroom schedule. If a student is removed from ISS for disciplinary reasons, he/she will receive an out-of-school suspension and will return to ISS and complete the assigned days.

INTERNET SAFETY and ELECTRONIC DEVICE USE POLICY

Definition

For the purposes of this policy, "electronic device" means anything that can be used to transmit or capture images, sound, or data.

The District makes electronic device(s) and/or electronic device Internet access available to students, to permit students to perform research and to allow students to learn how to use electronic device technology. Use of district electronic devices is for educational and/or instructional purposes only. Student use of electronic device(s) shall only be as directed or assigned by staff or teachers; students are advised that they enjoy no expectation of privacy in any aspect of their electronic device use, including email, and that monitoring of student electronic device use is continuous.

No student will be granted Internet access until and unless an Internet and electronic device use agreement, signed by both the student and the parent or legal guardian (if the student is under the age of eighteen [18]) is on file. The current version of the Internet and electronic device use agreement is incorporated by reference into board policy and is considered part of the student handbook.

Technology Protection Measures

The District is dedicated to protecting students from materials on the Internet or world wide web that are inappropriate, obscene, or otherwise harmful to minors; therefore, it is the policy of the District to protect each electronic device with Internet filtering software that is designed to prevent students from accessing such materials. For purposes of this policy, "harmful to minors" means any picture, image, graphic image file, or other visual depiction that:

- (A) taken as a whole and with respect to minors, appeals to a prurient interest in nudity, sex, or excretion;
- (B) depicts, describes, or represents, in a patently offensive way with respect to what is suitable for minors, an actual or simulated sexual act or sexual contact, actual or simulated normal or perverted sexual acts, or a lewd exhibition of the genitals; and
- (C) taken as a whole, lacks serious literary, artistic, political, or scientific value as to minors.

Internet Use and Safety

The District is dedicated to ensuring that students are capable of using the Internet in a safe and responsible manner. The District uses technology protection measures to aid in student safety and shall also educate students on appropriate online behavior and Internet use including, but not limited to:

- interacting with other individuals on social networking websites and in chat rooms;
- Cyberbullying awareness; and
- Cyberbullying response.

Misuse of Internet

The opportunity to use the District's technology to access the Internet is a privilege and not a right. PHYSICAL EXAMINATIONS OR SCREENINGS

The district conducts routine health screenings such as hearing, vision, and scoliosis due to the importance these health factors play in the ability of a student to succeed in school. PLACEMENT OF MULTIPLE BIRTH SIBLINGS

The parent, guardian or other person having charge or custody of multiple birth siblings in grades pre-K through 6 may request that the multiple birth siblings are placed in either the same or separate classrooms. The request shall be in writing not later than the 14th calendar day prior to the first day of classes at the beginning of the academic year. The school shall honor the request unless it would require the school to add an additional class to the sibling's grade level. If one parent of multiple birth siblings requests a placement that differs from that of the other parent of the same multiple birth siblings, the school shall determine the appropriate placement of the siblings.

The school may change the classroom placement of one or more of the birth siblings if:

- There have been a minimum of 30 instructional days since the start of the school year;
 - After consulting with each classroom teacher in which the siblings were placed, the school determines the parent's classroom placement request is:
 - Detrimental to the educational achievement of one or more of the siblings; ▪

POSSESSION AND USE OF CELL PHONES, BEEPERS, AND OTHER ELECTRONIC DEVICES

Use and misuse of cell phones has become a serious problem that threatens the ability of the district's schools to properly and efficiently operate its education program. The school board believes it is necessary to restrict student use and possession of cell phones, other electronic communication devices, cameras, MP 3 players, Ipods, and other portable devices so that the opportunity for learning in the district's schools may be enhanced.

At the same time, cell phones and other electronic communication devices can, in controlled situations, offer a means to enhance student learning through their ability to access expanded sources of information. Teachers have the authority to permit student use of their cell phones for specific classroom lesson plans or projects. Students must abide by the guidelines the teacher gives for any such authorization. Students who fail to do so will be subject to the provisions of this policy governing misuse of cell phones. For the purpose of this policy, the use of a cell phone or other communication device includes any incoming call, text message, message waiting, or any audible sound coming from the phone or device.

To protect the security of statewide assessments, no electronic device as defined in this policy shall be accessible by a student at any time during assessment administration unless specifically permitted by a student's individualized education program (IEP) or individual health plan; this means that when a student is taking an AESAA assessment, the student shall not have his/her electronic device in his/her possession. Any student violating this provision shall be subject to this policy's disciplinary provisions. The prohibition in this policy does not extend to the electronic device the District provides the student for the student's use during assessment administration to the extent the student is using the District provided device to complete the assessment. Students caught with a cell phone during state mandated testing will have their phone confiscated, phone contents reviewed, and the Division of Elementary and Secondary Education will be notified. The student will be suspended.

Use of an electronic device is permitted to the extent it is approved in a student's IEP or it is needed in an emergency that threatens the safety of students, staff, or other individuals.

The student and/or the student's parents or guardians expressly assume any risk associated with students owning or possessing technology equipment.

From the time of the first bell until after the last bell, students are forbidden from using cell phones, any paging device, beeper, or similar electronic communication devices. It is preferred that such devices be stored in the student's locker or vehicle in a silent mode of operation. Exceptions may be made by the building principal or his/her designee for health or other compelling reasons.

Before and after normal school hours, possession of cell phones, any paging device, beeper, or similar electronic communication devices, cameras, MP 3 players, Ipods, and other portable music devices is permitted on the school campus. The use of such devices at school sponsored functions outside the regular school day is permitted to the extent and within the limitations allowed by the event or activity the student is attending.

Students using or possessing, other than those devices properly stored in a locker or vehicle, cell phones or other portable music devices after the first bell and before the last bell shall have them confiscated. Confiscated cell phones and other electronic communication devices may be picked up at the school's administration office by the student's parents or guardians.

Consequences are:

1st Offense – Three (3) days detention hall, parent/guardian pick up the phone

2nd Offense – Saturday School, parent/guardian pick up the phone

3rd Offense – 2- day suspension, parent/guardian pick up the phone

4th Offense – 3 – 5 day suspension, parent/guardian pick up the phone

5th Offense – Recommendation for expulsion

Cell phone consequences start over at the beginning of each semester.

No student shall use any wireless communication device for the purposes of browsing the internet; composing or reading emails and text messages; or making or answering phone calls while driving a motor vehicle that is in motion and on school property. Violation may result in disciplinary action up to and including suspension.

POSTERS

Signs and posters that students wish to display must first be approved by the principal. Posters displayed without permission will be removed and appropriate disciplinary action will follow.

PRIVACY OF STUDENT'S RECORDS/DIRECTORY INFORMATION

Except when a court order regarding a student has been presented to the district to the contrary all students' education records are available for inspection and copying by the parents of any student who is under the age of eighteen (18). At the age of eighteen (18), the right to inspect and copy a student's records transfers to the student. A student's parent or the student, if over the age of 18, requesting to review the student's education records will be allowed to do so within no more than forty five (45) days of the request. The district forwards education records, including disciplinary records, to schools that have requested them and in which the student seeks or intends to enroll, or is already enrolled so long as the disclosure is for purposes related to the student's enrollment or transfer.

The district shall receive written permission before releasing education records to any agency or individual not authorized by law to receive and/or view the education records without prior parental permission. The District shall maintain a record of requests by such agencies or individuals for access to, and each disclosure of, personally identifiable information from the education records of each student. Disclosure of education records is authorized by law to school officials with legitimate educational interests. A personal record kept by a school staff member is not considered an education record if it meets the following tests.

- it is in the sole possession of the individual who made it;
- it is used only as a personal memory aid; and
- information contained in it has never been revealed or made available to any other person, except the maker's temporary substitute.

For the purposes of this policy a school official is a person employed by the school as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the school board; a person or company with whom the school has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or a parent or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks.

For the purposes of this policy a school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility, contracted duty, or duty of elected office.

In addition to releasing PII to school officials without permission, the District may disclose PII from the education records of students in foster care placement to the student's caseworker or to the caseworker's representative without getting prior consent of the parent (or the student if the student is over eighteen (18)). For the District to release the student's PII without getting permission:

- The student must be in foster care;
- The individual to whom the PII will be released must have legal access to the student's case plan; and
- The Arkansas Department of Human Services, or a sub-agency of the Department, must be legally responsible for the care and protection of the student.

The District discloses personally identifiable information from an education record to appropriate parties, including parents, in connection with an emergency if knowledge of the information is necessary to protect the health or safety of the student or other individuals. The superintendent or designee shall determine who will have access to and the responsibility for disclosing information in emergency situations.

When deciding whether to release personally identifiable information in a health or safety emergency, the District may take into account the totality of the circumstances pertaining to a threat to the health or safety of a student or other individuals. If the District determines that there is an articulable and significant threat to the health or safety of a student or other individuals, it may disclose information from education records to any person whose knowledge of the information is necessary to protect the health or safety of the student or other individuals.

For the purposes of this policy, the Glen Rose School District does not distinguish between a custodial and non-custodial, or non-parent such as a person acting in loco parentis or a foster parent with respect to gaining access to a student's records. Unless a court order restricting such access has been presented to the district to the contrary, the fact of a person's status as a parent guardian, alone, enables that parent or guardian to review and copy his child's records.

If there exists a court order which directs that a parent not have access to a student or his records, the parent or guardian must present a file-marked copy of such order to the building principal and the superintendent. The school will make good-faith efforts to act in accordance with such court order, but the failure to do so does not impose legal liability upon the school. The actual responsibility for enforcement of such court orders rests with the parents or guardians, their attorneys and the court which issued the order.

A parent or guardian does not have the right to remove any material from a student's records, but such parent or guardian may challenge the accuracy of a record. The right to challenge the accuracy of a record does not include the right to dispute a grade, disciplinary rulings, disability placements, or other such determinations which must be done only through the appropriate teacher and/or administrator, the decision of whom is final. A challenge to the accuracy of material contained in a student's file must be initiated with the building principal, with an appeal available to the Superintendent or his designee. The challenge shall clearly identify the part of the student's record the parent wants changed and specify why he/she believes it is inaccurate or misleading. If the school determines not to amend the record as requested, the school will notify the requesting parent or student of the decision and inform them of their right to a hearing regarding the request for amending the record. The parent or eligible student will be provided information regarding the hearing procedure when notified of the right to a hearing.

Unless the parent or guardian of a student (or student, if above the age of eighteen [18]) objects, directory information about a student may be made available to the public, military recruiters, post-secondary educational institutions, prospective employers of those students, as well as school publications such as annual yearbooks and graduation announcements. "Directory information" includes, but is not limited to, a student's name, address, telephone number, electronic mail address, photograph, date and place of birth, dates of attendance, his/her placement on the honor roll (or the receipt of other types of honors), as well as his/her participation in school clubs and extracurricular activities, among others. If the student participates in inherently public activities (for example, basketball, football, or other interscholastic activities), the publication of such information will be beyond the control of the District. "Directory information" also includes a student identification (ID) number, user ID, or other unique personal identifier used by a student for purposes of accessing or communicating in electronic systems.

A student's name and photograph will only be displayed on the district or school's web page(s) after receiving the written permission from the student's parent or student if over the age of 18.

The form for objecting to making directory information available is located in the back of the student handbook and must be completed and signed by the parent or age-eligible student and filed with the building principal's office no later than ten (10) school days after the beginning of each school year or the date the student is enrolled for school. Failure to file an objection by that time is considered a specific grant of permission. The district is required to continue to honor any signed opt-out form for any student no longer in attendance at the

district.

The right to opt out of disclosure of directory information under Family Educational Rights and Privacy Act (FERPA) does not prevent the District from disclosing or requiring a student to disclose the student's name, identifier, or institutional email address in a class in which the student is enrolled.

Parents and students over the age of 18 who believe the district has failed to comply with the requirements for the lawful release of student records may file a complaint with the U.S. Department of Education at

Student Privacy Policy Office

PROHIBITED CONDUCT

Following is a list of typical offenses that result in disciplinary responses from school officials. However, some of the listings could involve criminal charges if they violate local, state, or federal law. The list may not be complete but it includes many of the more common offenses in secondary schools.

These offenses may result in penalties that consist of a minimum of verbal warning to a maximum of being expelled.

BEHAVIOR NOT COVERED – THE GLEN ROSE SCHOOL DISTRICT RESERVES THE RIGHT TO PUNISH BEHAVIOR WHICH IS NOT CONDUCTIVE TO GOOD ORDER AND DISCIPLINE IN THE SCHOOL EVEN THOUGH SUCH BEHAVIOR IS NOT SPECIFIED IN THE FOLLOWING WRITTEN WORDS.

1. **ALCOHOL/DRUGS (ILLEGAL)** - No student in the Glen Rose School District shall possess, attempt to possess, consume, use, distribute, sell, buy, attempt to sell, attempt to buy, give to any person, or be under the influence of any substance as defined in this policy. Violation of this policy will result in disciplinary action, and may also constitute a criminal offense. This includes, but is not limited to, fighting, racial, ethnic, religious, or sexual slurs. Assault is the willful attempt or threat to inflict injury upon the person of another coupled with the apparent present ability to do so, or any display of force that would give the victim reason to fear bodily harm or assault, even if touching or striking does not occur. The conditions include the following:

- (1) The person communicates to any other person a threat to cause the death of a school employee or student;
- (2) The threat involves the use of a firearm or other deadly weapon; a reasonable person would believe that the person making the threat intends to carry it out;
- (3) The person making the threat takes action that would culminate in action that would carry the threat out;
- (4) There is a time relationship between the threat and the action carrying it out.

Furthermore, it is unlawful, during regular school hours, and in a place where a public school employee is required to be in the course of his or her duties, for any person to address a public school employee using language which, in its common acceptance is calculated to:

- a) Cause a breach of the peace;
- b) Materially and substantially interfere with the operation of the school;
- c) Arouse the person to whom it is addressed to anger, to the extent likely to cause imminent retaliation.

Students guilty of such an offense may be subject to legal proceedings in addition to student disciplinary measures.

The penalty for this violation against a district employee will be minimally an out of school suspension and a maximum penalty of permanent expulsion. The penalty for this violation against another student will be minimally detention hall with a maximum penalty of permanent expulsion.

Any articles on campus that a student may consider to be lost should be left alone and reported to the nearest teacher. Repeated offenses are unacceptable and shall be grounds for disciplinary action against the student as otherwise provided in this policy.

Except as permitted in this policy, students found to be in possession on the school campus of a firearm or other weapon shall be recommended for expulsion for a period of one (1) year. “Residential address: means the physical location where the student’s parents, legal guardians, person having legal, lawful control of the student under order of a court, or persons standing in loco parentis reside. A student may use such a residential address only if he/she resides at the same residential address and if the guardianship or other legal authority is not granted solely for educational needs or school attendance purposes.

The schools of the District shall be open and free through the completion of the secondary program to all persons between the ages of five (5) and twenty-one (21) years whose parents, legal guardians, or other persons having lawful control of the student, or person standing in loco parentis reside within the District and to all persons between those ages who have been legally transferred to the District for educational purposes.

In order for a person under the age of eighteen (18) years to establish a residence for the purpose of attending the District’s schools separate and apart from his or her parent, legal guardian, persons having lawful control of the student, or person standing in loco parentis, the student is required to reside in the District for a primary purpose other than that of school attendance.

However, a student previously enrolled in the district who is placed under the legal guardianship of a noncustodial parent living outside the district by a custodial parent on active military duty may continue to attend district schools.

A foster child who was previously enrolled in a District school and who has had a change in placement to a residence outside the District, may continue to remain enrolled in his/her current school unless the president court rules otherwise.

SCHOOL CHOICE

Standard School Choice

Exemption

The District is under an enforceable desegregation court order/court-approved desegregation plan that explicitly limits the transfer of students between school districts and has submitted the appropriate documentation to the Division of Elementary and Secondary Education (DESE). As a result of the desegregation order/desegregation plan, the District is exempt from the provisions of the Public School Choice Act of 2015 (Standard School Choice) and the Arkansas Opportunity Public School Choice Act of 2004 (Opportunity School Choice). The District shall notify the superintendents of each of its geographically contiguous school districts of its exemption. The exemption prohibits the District from accepting any school choice applications from students wishing to transfer into or out of the District through standard School Choice or Opportunity School Choice.

Definition

"sibling" means each of two (2) or more children having a common parent in common by blood, adoption, marriage, or foster care.

Transfers Into the District

Capacity Determination and Public Pronouncement

The Board of Directors will adopt a resolution containing the capacity standards for the District. The resolution will contain the acceptance determination criteria identified by academic program, class, grade level, and individual school. The school is not obligated to add any teachers, other staff, or classrooms to accommodate choice applications. The District may only deny a Standard School Choice application if the District has a lack of capacity by the District having reached ninety percent (90%) of the maximum student population in a program, class, grade level, or school building authorized by the Standards or other State/Federal law.

The District shall advertise in appropriate broadcast media and either print media or on the Internet to inform students and parents in adjoining districts of the range of possible openings available under the School Choice program. The public pronouncements shall state the application deadline and the requirements and procedures for participation in the program; and include contact information for the primary point of contact at the District for school questions. Such pronouncements shall be made in the spring, but in no case later than March 1.

Application Process

The student's parent shall submit a school choice application on a form approved by ADE to this district along with a copy to the student's resident district. Except for students who have a parent or guardian who is an active-

duty member of the military and who has been transferred to and resides on a military base, the transfer application must be postmarked or hand delivered on or before May 1 of the year preceding the fall semester the applicant would begin school in the District. The District shall date and time stamp all applications the District receives as both the resident and nonresident district as they are received in the District's central office. Except for applications from students who have a parent or guardian who is an active-duty member of the military and who has been transferred to and resides on a military bases applications postmarked or hand delivered on or after May 2 will not be accepted. Statutorily, preference is required to be given to siblings of students who are already enrolled in the District. Therefore, siblings whose applications fit the capacity standards approved by the Board of Directors may be approved ahead of an otherwise qualified non-sibling applicant who submitted an earlier application as identified by the application's date and time stamp.

Students who have a parent or guardian who is an active-duty member of the military and who has been transferred to and resides on a military base may submit an application and transfer at any time if the student's application:

1. Is filed with the nonresident school district within fifteen (15) days of the parent's or guardian's arrival on the military base;
2. Includes the parent's or guardian's military transfer orders; and
3. Includes the parent's or guardian's proof of residency on the military base.

The approval of any application for a choice transfer into the District is potentially limited by the applicant's resident district's statutory limitation of losing no more than three percent (3%) of its past year's student enrollment due to Standard School Choice. As such, any District approval of a choice application prior to July 1 is provisional pending a determination that the resident district's three percent (3%) cap has not been reached. The superintendent shall contact a student's resident district to determine if the resident district's three percent (3%) cap has been met.

The Superintendent will consider all properly submitted applications for School Choice. By July 1, the Superintendent shall notify the parent and the student's resident district, in writing, of the decision to accept or reject the application.

Accepted Applications

Applications which fit within the District's stated capacity standards shall be provisionally accepted, in writing, with the notification letter stating a reasonable timeline by which the student shall enroll in the District by taking the steps detailed in the letter, including submission of all required documents. If the student fails to enroll within the stated timeline, or if all necessary steps to complete the enrollment are not taken, or examination of the documentation indicates the applicant does not meet the District's stated capacity standards, the acceptance shall be null and void.

A student, whose application has been accepted and who has enrolled in the District, is eligible to continue enrollment until completing his/her secondary education. Continued enrollment is conditioned upon the student meeting applicable statutory and District policy requirements. Any student who has been accepted under choice and who either fails to initially enroll under the timelines and provisions provided in this policy; who chooses to return to his/her resident district; or who enrolls in a home school or private school voids the transfer and must reapply if, in the future, the student seeks another school choice transfer. A subsequent transfer application will be subject to the capacity standards applicable to the year in which the application is considered by the District.

A present or future sibling of a student who continues enrollment in this District may enroll in the District by submitting a Standard School Choice application. Applications of siblings of presently enrolled choice students are subject to the provisions of this policy including the capacity standards applicable to the year in which the sibling's application is considered by the District. A sibling who enrolls in the District through Standard School choice is eligible to remain in the District until completing his/her secondary education.

Students whose applications have been accepted and who have enrolled in the district shall not be discriminated against on the basis of gender, national origin, race, ethnicity, religion, or disability.

Rejected Applications

The District may reject an application for a transfer into the District under Standard School Choice due to a lack of capacity. However, the decision to accept or reject an application may not be based on the student's previous academic achievement, athletic or other extracurricular ability, English proficiency level, or previous disciplinary proceedings other than a current expulsion.

An application may be provisionally rejected if it is for an opening that was included in the District's capacity resolution, but was provisionally filled by an earlier applicant. If the provisionally approved applicant subsequently does not enroll in the District, the provisionally rejected applicant could be provisionally approved and would have to meet the acceptance requirements to be eligible to enroll in the district.

An application may be provisionally rejected if the student's application was beyond the student's resident district's three percent (3%) cap. The student's resident district is responsible for notifying this District that it is no longer at its three percent (3%) cap. If a student's application was provisionally rejected due to the student's resident district having reached its three percent (3%) cap and the student's resident district notifies this District that it has dropped below its three percent (3%) cap prior to July 1, then the provisional rejection may be changed to a provisional acceptance and the student would have to meet the acceptance requirements to be eligible to enroll in the District.

Rejection of applications shall be in writing and shall state the reason(s) for the rejection. A student whose application was rejected may request a hearing before the State Board of Education to reconsider the application. The request for a hearing must be submitted in writing to the State Board within ten (10) days of receiving the rejection letter from the District.

Any applications that are denied due to the student's resident district reaching the three percent (3%) limitation cap shall be given priority for a choice transfer the following year in the order that the District received the original applications.

Transfers Out of the District

All Standard School Choice applications shall be granted unless the approval would cause the District to have a net enrollment loss (students transferring out minus those transferring in) of more than three percent (3%) of the average daily membership on October 15 of the immediately preceding year. By December 15 of each year, DESE shall determine and notify the District of the net number of allowable choice transfers. Students are not counted for the purpose of determining the three percent (3%) cap if the student transfers

- Through Opportunity School Choice due to the school receiving a rating of "F" or a district classified as in need of Level 5 Intensive Support under A.C.A. § 6-18-227;
- Due to the district's identification of Facilities Distress under A.C.A. § 6-21-812; or
- Through the Foster Child School Choice under A.C.A. § 6-18-233.

If, prior to July 1, the District receives sufficient copies of requests from other districts for its students to transfer to other districts to trigger the three percent (3%) cap, it shall notify each district the District received Standard School Choice applications from that it has tentatively reached the limitation cap. The District will use confirmations of approved choice applications from receiving districts to make a final determination of which applications it received that exceeded the limitation cap and notify each district that was the recipient of an application to that effect. The District shall immediately notify all receiving districts if it should drop back below its three percent (3%) cap prior to July 1.

When the last successful application requesting to transfer out of the District before the District's three percent (3%) cap was triggered belonged to an individual who was a member of a group of siblings who applied to

transfer out of the District,, the District shall allow all members of the individual’s sibling group to transfer out of the District even though these applications are beyond the District’s transfer cap.

Facilities Distress School Choice Applications

There are a few exceptions from the provisions of the rest of this policy that govern choice transfers triggered by facilities distress. Any student attending a school district that has been identified as being in facilities distress may transfer under the provisions of this policy, but with the following four (4) differences.

- The receiving district cannot be in facilities distress;
- The transfer is only available for the duration of the time the student's resident district remains in facilities distress;
- The student is not required to meet the June 1 application deadline; and
- The student's resident district is responsible for the cost of transporting the student to this District's school.

Opportunity School Choice

Transfers Into or Within the District

For the purposes of this section of the policy, a “lack of capacity” is defined as when the receiving school has reached the maximum student-to-teacher ratio allowed under federal or state law, the DESE Rules for the Standards for Accreditation, or other applicable rules. There is a lack of capacity if, as of the date of the application for Opportunity School Choice, ninety-five percent (95%) or more of the seats at the grade level at the nonresident school are filled.

- Unless there is a lack of capacity at the District’s school or the transfer conflicts with the provisions of a federal desegregation order applicable to the District, a student may transfer from the student’s assigned school to another Either:
 - The student’s resident district has been classified by the state board as in need of Level 5 — intensive support; or
 - The student’s assigned school has a rating of "F"; and
- By May 1 of the year before the student intends to transfer, the student’s parent, guardian, or the student if the student is over eighteen (18) years of age has submitted an application of the student’s request to transfer to the:
 - DESE;
 - Sending school district; and
 - Receiving school district.

A student is not required to meet the May 1 application deadline if the student has a parent or guardian who is an active-duty member of the military and who has been transferred to and resides on a military base. The student may transfer at any time if the student’s application:

- a. Is filed with the nonresident school district within fifteen (15) days of the parent's or guardian's arrival on the military base;
- b. Includes the parent's or guardian's military transfer orders; and
- c. Includes the parent's or guardian's proof of residency on the military base.

Within thirty (30) days from receipt of an application from a student seeking admission under this section of the policy, the Superintendent shall notify in writing the parent or guardian, or the student if the student is over eighteen (18) years of age, whether the Opportunity School Choice application has been accepted or rejected. The notification shall be sent via First-Class Mail to the address on the application.

If the application is accepted, the notification letter shall state the deadline by which the student must enroll in the receiving school or the transfer will be null and void.

If the District rejects the application, the District shall state in the notification letter the specific reasons for the rejection. A parent or guardian, or the student if the student is over eighteen (18) years of age, may appeal the District's decision to deny the application to the State Board of Education. The appeal must be in writing to the State Board of Education via certified mail, return receipt requested, no later than ten (10) calendar days, excluding weekends and legal holidays, after the notice of rejection was received from the District.

A student's transfer under Opportunity School choice is effective at the beginning of the next school year and the student's enrollment under Opportunity School Choice is irrevocable for the duration of the school year and is renewable until the student completes high school or is beyond the legal age of enrollment. This provision for continuing eligibility under Opportunity Choice does not negate the student's right to apply for transfer to a district other than the student's assigned school or resident district under the Standard School Choice provisions of this policy.

The District may, but is not obligated to provide transportation to and from the transferring district.

Transfers out of, or within, the District

If a District school receives a rating of "F" or the District has been classified by State Board of Education as in need of Level 5 Intensive Support the District shall timely notify the parents, guardians, or students, if the student is over eighteen (18) years of age, as soon as practicable after the school or district designation is made of all options available under Opportunity School Choice. The District shall offer the parent or guardian, or the student if the student is over eighteen (18) years of age, an opportunity to submit an application to enroll the student in a school district that has not been classified by the State Board in need of Level 5 Intensive Support or in a public school that does not have a rating of "F".

Additionally, the District shall request public service announcements to be made over the broadcast media and in the print media at such times and in such a manner as to inform parents or guardians of students in adjoining districts of the availability of the program, the application deadline, and the requirements and procedure for nonresident students to participate in the program.

Unsafe School Choice Program

Any student that becomes the victim of a violent criminal offense whole in or on the grounds of a District school or who is attending a school classified by ADE as a persistently dangerous public school shall be allowed to attend a safe public school within the district.

SCHOOL MEAL MODIFICATIONS

The district only provides modified meal components on menus to accommodate students with a disability. A parent/guardian wishing to request dietary accommodations for their student with a disability must submit to the district's Director of Child Nutrition a medical statement completed by a State licensed healthcare professional, which includes:

- Physicians, including those licensed by:
 - The Arkansas State Medical Board;
 - The Arkansas State Board of Chiropractic Examiners (Chiropractors);

- The Arkansas Board of Podiatric Medicine (Podiatrists);
- Nurse Practitioners (APRNs in family or pediatric practice with prescriptive authority);
- Physician Assistants (PAs who work in collaborative practice with a physician); and
- Dentists.

The medical statement should include:

1. A description of the student’s disability that is sufficient to understand how the disability restricts the student’s diet;
2. An explanation of what must be done to accommodate the disability, which may include:
 - a. Food(s) to avoid or restrict;
 - b. Food(s) to substitute;
 - c. Caloric modifications; or
 - d. The substitution of a liquid nutritive formula.

If the information provided in the medical statement is unclear, or lacks sufficient detail, the district’s Director of Child Nutrition shall request additional information so that a proper and safe meal can be provided.

When choosing an appropriate approach to accommodate a student’s disability, the District will consider the expense and efficiency of the requested accommodations. The District will offer a reasonable modification that effectively accommodates the child’s disability and provides equal opportunity to participate in or benefit from the program, which may include a generic version of a product.

Parents may file a grievance regarding the request for accommodations with the Building Level’s 504 Coordinator, who will schedule a hearing on the grievance to be held as soon as possible. The 504 coordinator shall provide a copy of the procedures governing the hearing, including that the parent has the right to be accompanied by counsel, and the appeal process upon request.

The district will not prepare meals outside the normal menu to accommodate a family’s religious or personal health beliefs.

SCHOOL PICTURES

All students may have their pictures taken at the beginning of school for the yearbook. “SCHOOL DAY” packets must be paid for in advance and defective pictures will be retaken later.

SCHOOL PROPERTY

In the assignment of school property (lockers, desks, etc.) to a student, the school retains ownership of such property and the right to inspect or reclaim. Searches of school property may be conducted at any time if the situation so warrants.

SEARCH, SEIZURE AND INTERROGATIONS

The District respects the rights of its students against arbitrary intrusion of their person and property. At the same time, it is the responsibility of school officials to protect the health, safety, and welfare of all students enrolled in the District in order to promote an environment conducive to student learning. The Superintendent, principals, and their designees have the right to inspect and search school property and equipment. They may also search students and their personal property in which the student has a reasonable expectation of privacy, when there is reasonable and individualized suspicion to believe such student or property contains illegal items or other items in violation of Board policy or dangerous to the school community. School authorities may seize

evidence found in the search and disciplinary action may be taken. Evidence found which appears to be in violation of the law shall be reported to the appropriate authority.

School property shall include, but not be limited to lockers, desks, and parking lots, as well as personal effects left there by students. When possible, prior notice will be given and the student will be allowed to be present along with an adult witness, however, searches may be done at any time with or without notice or the student's consent. A personal search must not be excessively intrusive in light of the age and sex of the student and the nature of the infraction.

The Superintendent, principals, and their designees may request the assistance of law enforcement officials to help conduct searches. Such searches may include the use of specially trained dogs. A school official of the same gender shall conduct personal searches with an adult witness present.

State Law requires that Department of Human Services employees, local law enforcement, or agents of the Crimes Against Children Division of the Division of Arkansas State Police, may interview students without a court order for the purpose of investigating suspected child abuse. In instances where the interviewers deem it necessary, they may exercise a "72-hour hold" without first obtaining a court order. Other questioning of students by non-school personnel shall be granted only with a court order directing such questioning, with permission of the parents of a student (or the student if above eighteen (18) years of age), or in response to a subpoena or arrest warrant.

If the District makes a report to any law enforcement agency concerning student misconduct or if access to a student is granted to a law enforcement agency due to a court order, the principal or the principal's designee shall make a good faith effort to contact the student's parent, legal guardian, person having lawful control of the student or person acting in loco parentis.

The principal or the principal's designee shall not attempt to make such contact if presented documentation by the investigator that notification is prohibited because a parent, guardian, person having law control of the student, or person standing in loco parentis is named as an alleged offender of the suspected child maltreatment. This exception applies only to interview requests made by a law enforcement officer, an investigator of the Crimes Against Children Division of the Division of Arkansas State Police, or an investigator or employee of the Department of Human Services.

In instances other than those related to cases of suspected child abuse, principals must release a student to either a police officer who presented a subpoena for the student, or a warrant for arrest, or to an agent of state social services or an agent of a court with jurisdiction over a child with a court order signed by a judge. Upon release of the student, the principal or designee shall give the student's parent, legal guardian, person having lawful control of the student, or person standing in loco parentis notice that the student has been taken into custody by law enforcement personnel or a state's social services agency. If the principal or designee is unable to reach the parent, he or she shall make a reasonable, good faith effort to get a message to the parent to call the principal or designee, and leave both a day and an after-hours telephone number.

SEXUAL HARASSMENT

The Glen Rose School District is committed to providing an academic environment that treats all students with respect and dignity. Student achievement is best attained in an atmosphere of equal educational opportunity that is free of discrimination. Sexual harassment is a form of discrimination that undermines the integrity of the educational environment and will not be tolerated.

The District believes the best policy to create an educational environment free from sexual harassment is prevention; therefore, the District shall provide informational materials and training to students, parents/legal guardians/other responsible adults, and employees on sexual harassment. The informational materials and training on sexual harassment shall be age appropriate and, when necessary, provided in a language other than English or in an accessible format. The informational materials and training shall include, but are not limited to: the nature of sexual harassment; the District's written grievance procedures for complaints of sexual harassment; that the district does not tolerate sexual harassment; that students can report inappropriate behavior of a sexual nature without fear of adverse consequences; the redress that is available to the victim of sexual harassment; and the potential discipline for perpetrating sexual harassment.

"Sexual harassment" means conduct that is:

1. Of a sexual nature, including, but not limited to:
 - a. Sexual advances;
 - b. Requests for sexual favors;
 - c. Sexual violence; or
 - d. Other personally offensive verbal, visual, or physical conduct of a sexual nature;
2. Unwelcome; and
3. denies or limits a student's ability to participate in or benefit from any of the District's educational programs or activities through any or all of the following methods:
 - a. Submission to the conduct is made, either explicitly or implicitly, a term or condition of an individual's education;
 - b. Submission to, or rejection of, such conduct by an individual is used as the basis for academic decisions affecting that individual; and/or
 - c. Such conduct has the purpose or effect of substantially interfering with an individual's academic performance or creates an intimidating, hostile, or offensive academic environment.

The terms "intimidating," "hostile," and "offensive" include conduct of a sexual nature that has the effect of humiliation or embarrassment and is sufficiently severe, persistent, or pervasive that it limits the student's ability to participate in, or benefit from, an educational program or activity.

Within the educational environment, sexual harassment is prohibited between any of the following: students; employees and students; and non-employees and students.

Actionable sexual harassment is generally established when an individual is exposed to a pattern of objectionable behaviors or when a single, serious act is committed. What is, or is not, sexual harassment will depend upon all of the surrounding circumstances and may occur regardless of the sex(es) of the individuals involved. Depending upon such circumstances, examples of sexual harassment include, but are not limited to:

- Making sexual propositions or pressuring for sexual activities;
- Unwelcome touching;
- Writing graffiti of a sexual nature;
- Displaying or distributing sexually explicit drawings, pictures, or written materials;
- Performing sexual gestures or touching oneself sexually in front of others;
- Telling sexual or crude jokes;
- Spreading rumors related to a person's alleged sexual activities;
- Discussions of sexual experiences;
- Rating other students as to sexual activity or performance;
- Circulating or showing emails or Websites of a sexual nature;
- Intimidation by words, actions, insults, or name calling; and
- Teasing or name-calling related to sexual characteristics or the belief or perception that an individual is not conforming to expected gender roles or conduct or is homosexual, regardless of whether or not the student self-identifies as homosexual or transgender.

Students who believe they have been subjected to sexual harassment, or the parent/legal guardian/other responsible adult of a student who believes their student has been subjected to sexual harassment, are encouraged to file a complaint by contacting a counselor, teacher, Title IX coordinator, or administrator who will provide assistance on the complaint process. Under no circumstances shall a student be required to first report allegations of sexual harassment to a school contact person if that person is the individual who is accused of the harassment.

Complaints will be treated in a confidential manner to the extent possible. Limited disclosure may be provided to: individuals who are responsible for handling the District's investigation to the extent necessary to complete a thorough investigation; the extent necessary to submit a report to the child maltreatment hotline; the Professional Licensure Standards Board for complaints alleging sexual harassment by an employee towards a student; or the extent necessary to provide the individual accused in the complaint due process during the investigation and disciplinary processes. Individuals who file a complaint have the right to request that the individual accused of sexual harassment not be informed of the name of the accuser; however, individuals should be aware that making such a request may substantially limit the District's ability to investigate the complaint and may make it impossible for the District to discipline the accused.

Students, or the parents/legal guardians/ other responsible adult of a student, who file a complaint of sexual harassment shall not be subjected to retaliation or reprisal in any form, including threats, intimidation, coercion, or discrimination. The District shall take steps to prevent retaliation and shall take immediate action if any form of retaliation occurs regardless of whether the retaliatory acts are by District officials, students, or third parties.

Following the completion of an investigation of a complaint, the District will inform the parents/legal guardian/other responsible adult of the student, or the student if over the age of eighteen (18), who filed the complaint:

- The final determination of the investigation;
- Remedies the District will make available to the student; and
- The sanctions, if any, imposed on the alleged harasser relevant to the student.

Following the completion of an investigation of a complaint, the District will inform the parents/legal guardian/other responsible adult of the student, or the student if over the age of eighteen (18), who was accused of sexual harassment in the complaint:

- The final determination of the investigation; and
- The sanctions, if any, the District intends to impose on the student.

It shall be a violation of this policy for any student to be subjected to, or to subject another person to, sexual harassment. Following an investigation, any student who is found by the evidence to more likely than not have engaged in sexual harassment will be subject to disciplinary action up to, and including, expulsion.

Students who knowingly fabricate allegations of sexual harassment shall be subject to disciplinary action up to and including expulsion. Individuals who withhold information, purposely provide inaccurate facts, or otherwise hinder an investigation of sexual harassment shall be subject to disciplinary action up to and including expulsion.

SMART CORE CURRICULUM AND GRADUATION REQUIREMENTS

All students are required to participate in the Smart Core curriculum unless their parents or guardians, or the students if they are eighteen (18) years of age or older, sign a *Smart Core Waiver Form* to not participate. While Smart Core is the default option, both a *Smart Core Informed Consent Form* and a *Smart Core Waiver Form* will be sent home with students prior to their enrolling in seventh (7th) grade, or when a seventh (7th) through twelfth (12th) grade student enrolls in the district for the first time and there is not a signed form in the student's permanent record. Parents must sign one of the forms and return it to the school so it can be placed in the students' permanent record. This policy is to be included in student handbooks for grades six (6) through twelve (12) and both students and parents must sign an acknowledgement they have received the policy. Those students not participating in the Smart Core curriculum will be required to fulfill the Core curriculum or the Alternate Pathway to Graduation when required by their IEP to be eligible for graduation. Counseling by trained personnel shall be available to students and their parents or legal guardians prior to the time they are required to sign the consent forms.

While there are similarities between the two curriculums, following the Core curriculum may not qualify students for some scholarships and admission to certain colleges could be jeopardized. Students initially choosing the Core curriculum may subsequently change to the Smart Core curriculum **providing** they would be able to complete the required course of study by the end of their senior year. Students wishing to change their choice of curriculums must consult with their counselor to determine the feasibility of changing paths.

This policy, the Smart Core curriculum, and the courses necessary for graduation shall be reviewed by staff, students, and parents at least every other year to determine if changes need to be made to better serve the needs of the district's students. The superintendent, or his/her designee, shall select the composition of the review panel.

Sufficient information relating to Smart Core and the district's graduation requirements shall be communicated to parents and students to ensure their informed understanding of each. This may be accomplished through any or all of the following means:

- Inclusion in the student handbook of the Smart Core curriculum and graduation requirements;
- Discussion of the Smart Core curriculum and graduation requirements at the school's annual public meeting, PTA meetings, or a meeting held specifically for the purpose of informing the public on this matter;
- Discussions held by the school's counselors with students and their parents; and/or
- Distribution of a newsletter(s) to parents or guardians of the district's students.

Administrators, or their designees, shall train newly hired employees, required to be licensed as a condition of their employment, regarding this policy. The district's annual professional development shall include the training required by this paragraph.

To the best of its ability, the District shall follow the requirements covering the transfer of course credit and graduation set forth in the Interstate Compact on Educational Opportunity for Military Children for all students who meet the definition of "eligible child" in the ENTRANCE REQUIREMENTS policy including the waiving of specific course that are required for graduation if similar coursework has been satisfactorily completed..

Graduation Requirements

The number of units students must earn to be eligible for high school graduation is to be earned from the categories listed below. A minimum of twenty-two (22) units is required for graduation for a student participating in either the Smart Core or Core curriculum. In addition to the twenty-two (22) units required for graduation by the Division of Elementary and Secondary Education, the district requires an additional unit to graduate for a total of twenty-three (23) units. This additional required credit will be the Computer Business Applications

course or another approved Technology course. There are some distinctions made between Smart Core units and Graduation units. Not all units earned toward graduation necessarily apply to Smart Core requirements.

All students must receive a passing score on the Arkansas Civics Exam in order to graduate.

Students shall be trained in quality psychomotor skill bases in cardiopulmonary resuscitation and the use of automated externa. Defibrillators in order to graduate.

Digital Learning Courses

The District shall offer one or more digital learning course(s) through one or more District approved provider(s) as either a primary or supplementary method of instruction. The courses may be in a blended learning, online-based, or other technology-based format. In addition to the other graduation requirements contained in this policy, students are required to take at least one (1) digital learning course for credit while in high school.

Personal and Family Finance

All students shall receive credit in a course covering the Personal and Family Finance Standards in order to graduate.

SPECIAL EDUCATION

In accordance with the Individual With Disabilities Education Act (IDEA), Section 504 of the Rehabilitation Act of 1973, the American With Disabilities Act, and Arkansas Statutes, the district shall provide a free appropriate public education and necessary related services to all children with disabilities who reside:

- within the district boundaries; or
- Outside of the District boundaries but are enrolled in the District.

It is the intent of the district to ensure that students who are disabled within the definition of Section 504 of the Rehabilitation Act of 1973 are identified, evaluated and provided with appropriate educational services. Students may be disabled within the meaning of Section 504 of the Rehabilitation Act even though they do not require services pursuant to the IDEA.

For students eligible for services under IDEA, the District shall follow procedures for identification, evaluation, placement, and delivery of services to children with disabilities provided in the state and federal statutes governing special education. Implementation of an Individualized Education Program (IEP) in accordance with the IDEA satisfies the district's obligation to provide a free and appropriate education under Section 504.

The Board directs the superintendent to ensure procedures are in place for the implementation of special education services and that programs are developed to conform to the requirements of state and federal legislation. The superintendent is responsible for appointing a district coordinator for overseeing district fulfillment of its responsibilities regarding students with disabilities. Among the coordinator's responsibilities shall be ensuring district enforcement of the due process rights of handicapped students and their parents.

STUDENT ACCELERATION

The Board believes that acceleration is an effective and research-based intervention for the academic growth of students who are ready for an advanced or faster-paced curriculum. It can allow a student to move through the traditional educational setting more rapidly, based on assessed readiness, capability and motivation. At the same time, the Board understands that acceleration is not a replacement for gifted education services or programs.

Generally, acceleration can occur through one of two broad categories: content based and grade based. Grade based acceleration shortens the number of years a student would otherwise spend in K-12 education, while content based acceleration occurs within the normal K-12 time span. Either form of acceleration can be triggered by either a parent/guardian, student, or community member's request or by the referral of school personnel. In either case, the process of determining the appropriateness of the request shall be under the direction of the district/school Gifted and Talented Program Coordinator. The district/school Gifted and Talented Program Coordinator shall convene the Acceleration Placement Committee and communicate with the individuals necessary for the Accelerated Placement Committee to make an informed decision which shall include the student's parents or guardians.

While the needs of the student should dictate when acceleration decisions are considered, the Board believes the optimal time for referrals is in the spring which gives adequate time for working through the determination process and for preparing those concerned for a smooth transition to the acceleration beginning in the following school-year.

The District's Gifted and Talented Program Coordinator will create a written format to govern the referral and determination process which shall be made available to any parent or staff member upon request. The parents/guardians of any student whose request for acceleration has been denied may appeal the decision, in writing to the District's GT Coordinator. The District's GT Coordinator and the Acceleration Placement Committee will again thoroughly review the case study that was completed on the student. Upon completion of the review, the Committee will either request additional new testing be conducted to help the Committee make its determination or it will uphold the initial decision. The Committee's decision may not be further appealed.

STUDENT HANDBOOK

It shall be the policy of the Glen Rose School District that the most recently adopted version of the Student Handbook be incorporated by reference into the policies of the district. In the event that there is a conflict between the student handbook and a general board policy or policies, the more recently adopted language will be considered binding and controlling on the matter provided the parent(s) of the student, or the student if 18 years of age or older have acknowledged receipt of the controlling language.

Principals shall review all changes to student policies and ensure that such changes are provided to students and parents, either in the Handbook or, if changes are made after the handbook is printed, as an addendum to the handbook.

Principals and counselors shall also review Policies 4.45-SMART CORE CURRICULUM AND GRADUATION REQUIREMENTS and the current ADE Standards for Accreditation Rules to ensure that there is no conflict. If a conflict exists, the Principal and/or Counselor shall notify the Superintendent and Curriculum Coordinator immediately, so that corrections may be made and notice of the requirements given to students and parents.

STUDENT ORGANIZATION/EQUAL ACCESS

Non-curriculum-related secondary school student organizations wishing to conduct meetings on school premises during non-instructional time shall not be denied equal access on the basis of the religious, political, philosophical, or other content of the speech at such meetings. Such meetings must meet the following criteria.

1. The meeting is to be voluntary and student initiated;
2. There is no sponsorship of the meeting by the school, the government, or its agents or employees;
3. The meeting must occur during non-instructional time;
4. Employees or agents of the school are present at religious meetings only in a non-participatory capacity;

6. Non-school persons may not direct, conduct, control, or regularly attend activities of student groups.

All meetings held on school premises must be scheduled and approved by the principal. The school, its agents, and employees retain the authority to maintain order and discipline, to protect the well-being of students and faculty, and to assure that attendance of students at meetings is voluntary.

Fraternities, sororities, and secret societies are forbidden in the District's schools. STUDENT PLANNERS (AGENDA BOOKS)

Glen Rose Middle School will use the student planners at the discretions of the teacher with the principal's approval.

STUDENT PROMOTION AND RETENTION

A disservice is done to students through social promotion and is prohibited by state law. The District shall, at a minimum, evaluate each student annually in an effort to help each student who is not performing at grade level. Parents, legal guardians, persons having lawful control of the student, or persons acting in loco parentis shall be kept informed concerning the progress of their student(s). Notice of a student's possible retention or required retaking of a course shall be included with the student's grades sent home to each parent/guardian or the student if 18 or older. Parent-teacher conferences are encouraged and may be held as necessary in an effort to improve a student's academic success.

At least once each semester, the parents, legal guardians, persons having lawful control of the student, or persons acting in loco parentis, and teacher(s) of a student in kindergarten through eighth (8th) grade shall be notified in writing of the student's independent grade-level-equivalency in reading.

Any grades, course credits, and/or promotions received by a student while enrolled in the Division of Youth Services system of education shall be considered transferable in the same manner as those grades, course credits, and promotions from other accredited Arkansas public educational entities.

Promotion or retention of students, or their required retaking of a course shall be primarily based on the following criteria: grades, reading level, a combination of absences/tardies, participation in remediation, and other factors. If there is doubt concerning the promotion or retention of a student or his/her required retaking of a course, a conference shall be held before a final decision is made that includes the following individuals:

- a) The building principal or designee;
- b) The student's teacher(s);
- c) School counselor;
- d) A 504/special education representative (if applicable); and
- e) The student's parents, legal guardians, persons having lawful control of the student, or persons acting in loco parentis

The conference shall be held at a time and place that best accommodates those participating in the conference. The school shall document participation or non-participation in required conferences. If the conference attendees fail to agree concerning the student's placement or receipt of course credit, the final decision shall rest with the principal or the principal's designee.

Each student shall have a student success plan (SSP) developed by school personnel in collaboration with the student's parents and the student that is reviewed and updated annually. A student's SSP shall use multiple academic measures to personalize learning in order for students to achieve their grade-level expectations and individual growth. The SSP will identify if the student is in need of additional support or acceleration. Academic measures to be used in creating and updating a student's SSP shall include, but are not limited to:

- Statewide student assessment results;
- Subject grades;
- Student work samples; and
- Local assessment scores.

By the end of grade eight (8), the student's SSP shall:

- Guide the student along pathways to graduation;
- Address accelerated learning opportunities;
- Address academic deficits and interventions; and
- Include college and career planning components.

Based on a student's score on the college and career assessment:

- The student's SSP will be updated in order to assist the student with college and career readiness skills, course selection in high school, and improved academic achievement; and
- Provide a basis for counseling concerning postsecondary preparatory programs.

An SSP shall be created:

1. By no later than the end of the school year for a student in grade eight (8) or below who enrolls in the District during the school year; or
2. As soon as reasonably possible for a student in grade nine (9) or above who enrolls in the District at the beginning or during the school year.

A student's individualized education program (IEP) may act in the place of the student's SSP if the IEP addresses academic deficits and interventions for the student's failure to meet standards-based academic goals at an expected rate or level and includes a transition plan that addresses college and career planning components. Promotion or retention or graduation of students with an IEP shall be based on their successful attainment of the goals set forth in their IEP.

Students who either refuse to sit for a Statewide assessment or attempt to boycott a Statewide assessment by failing to put forth a good faith effort on the assessment as determined by the assessment administrator/proctor, or whose parents do not send their student to school on the dates the assessments are originally administered or scheduled as make-up days shall not be permitted to participate in any non-curriculum related extracurricular activity, including school dances, prom, homecoming, senior events, and may be prevented from walking or participating in graduation exercises. The student shall remain ineligible to participate until the student takes the same or a following Statewide mandated assessment, as applicable. The Superintendent or designee may waive this paragraph's provisions when the student's failure was due to exceptional or extraordinary circumstances. Students falling under the provisions of this paragraph shall be permitted to attend curriculum related field trips occurring during the school day.

STUDENTS WHO ARE FOSTER CHILDREN

The District will afford the same services and educational opportunities to foster children that are afforded other children and youth. The District shall work with the Department of Human Services ("DHS"), the Division of Elementary and Secondary Education (DESE) and individuals involved with each foster child to ensure that the foster child is able to maintain his/her continuity of educational services to the fullest extent that is practical and reasonable.

The Superintendent or his/her designee shall appoint an appropriate staff person to be the local educational liaison for foster children and youth whose responsibilities shall include ensuring the timely school enrollment of each foster child and assisting foster children who transfer between schools by expediting the transfer of relevant educational records.

The District, working with other individuals and agencies shall, unless the presiding court rules otherwise or DHS grants a request to transfer under Foster Child School Choice, ensure that the foster child remains in his/her school of origin, even if a change in the foster child's placement results in a residency that is outside the district. In such a situation, the District will work with DHS to arrange for transportation to and from school for the foster child to the extent it is reasonable and practical.

Upon notification to the District's foster care liaison by a foster child's case worker that a foster child's school enrollment is being changed to one of the District's schools, the school receiving the child must immediately enroll him/her. Immediate enrollment is required even if a child lacks the required clothing, academic or medical records, or proof of residency.

A foster child's grades shall not be lowered due to absence from school that is caused by a change in the child's school enrollment, the child's attendance at dependency-neglect court proceedings, or other court-ordered counseling or treatment.

Any course work completed by the foster child prior to a school enrollment change shall be accepted as academic credit so long as the child has satisfactorily completed the appropriate academic placement assessment.

If a foster child was enrolled in a District school immediately prior to completing his/her graduation requirements while detained in a juvenile detention facility or while committed to the Division of Youth Services of DHS, the District shall issue the child a diploma.

Foster Child School Choice

If DHS approves a request from a foster parent, or the foster child if the foster child is eighteen (18) years of age, to transfer to another school in the District or into the district as being in the best interest of the foster child, the District shall allow the foster child to transfer to another school in the District or into the District if the foster parent, or the foster child if the foster child is eighteen (18) years of age, submits a request to transfer on a form approved by ADE that is postmarked by no later than May 1 of the year the student seeks to begin the fall semester at another school in the District or in the District.

By July 1 of the school year in which the student seeks to transfer under this section, the superintendent shall notify the foster parent, or the foster child if the foster child is eighteen (18) years of age, in writing whether the application has been accepted or rejected. If the application is accepted, the superintendent shall state in the notification letter a reasonable deadline for the foster child to enroll in the new school or the District and that failure to enroll by the date shall void the school choice acceptance. If the application is rejected, the superintendent shall state in the notification letter the reason for the rejection and that the foster parent, or the foster child if the foster child is eighteen (18) years of age, may submit a written appeal of the rejection to the State board within ten (10) days of receiving the notification letter.

The District shall only reject a Foster Child School Choice application if:

1. The public school or District has reached the maximum student-to-teacher ratio allowed under federal law; state law; standards for accreditation; or other applicable State rule or Federal regulation; or
2. Approving the transfer would conflict with a provision of an enforceable desegregation court order or a public school district's court-approved desegregation plan regarding the effects of past racial segregation in student assignment.

A foster child whose application is rejected by the District may submit a written request within ten (10) days following the receipt of the rejection letter from the superintendent to the State Board of Education for the State Board to reconsider the transfer.

A Foster Child School Choice transfer shall remain in effect until the foster child:

- Graduates from high school; or
- Transfers to another school or school district under:
 - The Foster Child School Choice Act;
 - Opportunity Public School Choice Act of 2004;
 - The Public School Choice Act of 2015; or
 - Any other law that allows a transfer.

The District shall accept credits toward graduation that were awarded by another public school district.

When a foster child transfers from the foster child's school of origin to another school in the District or into the District, the foster child or the foster parent is responsible for the foster child's transportation to and from the school the foster child transferred to. The District and the foster parent, or the foster child if the foster child is eighteen (18) years of age, may enter into a written agreement for the District to provide the transportation to and from the school the foster child transferred to.

SUSPENSION FROM SCHOOL

Students not present at school cannot benefit from the educational opportunities the school environment affords. Administrators, therefore, shall strive to find ways to keep students in school as participants in the educational process. There are instances, however, when the needs of the other students or the interests of the orderly learning environment require the removal of a student from school. The Board authorizes school principals or their designees to suspend students for disciplinary reasons for a period of time not to exceed ten (10) school days, including the day upon which the suspension is imposed. The suspension may be in school or out of school. **Only official school days will be counted toward suspension.** Students are responsible for their conduct that occurs: at any time on the school grounds; off school grounds at a school-sponsored function, activity, or event; going to and from school or a school activity. A student may be suspended for behavior including, but not limited to that which:

1. Is in violation of school policies, rules, or regulations;
2. Substantially interferes with the safe and orderly educational environment;
3. School administrators believe will result in the substantial interference with the safe and orderly educational environment; and/or
4. Is insubordinate, incorrigible, violent, or involves moral turpitude.

Out of School Suspension (OSS) shall not be used to discipline a student in kindergarten through fifth (5th) grade unless the student's behavior:

- a. Poses a physical risk to himself or herself or to others.
- b. Causes a serious disruption that cannot be addressed through other means or
- c. Is the act of bringing a firearm on school campus.

OSS shall not be used to discipline a student for skipping class, excessive absences or other forms of truancy.

The school principal or designee shall proceed as follows in deciding whether or not to suspend a student.

1. The student shall be given written notice or advised orally of the charges against him/her;
2. If the student denies the charges, he/she shall be given an explanation of the evidence against him/her and be allowed to present his/her version of the facts;
3. If the principal finds the student guilty of the misconduct, he/she may be suspended.

When possible, notice of the suspension, its duration, and any stipulations for the student's re-admittance to class will be given to the parent(s), legal guardian(s), person(s) having lawful control of the student, person(s) standing in loco parentis or to the student if age 18 or older prior to the suspension. Such notice shall be handed to the parent(s), legal guardian(s), person(s) having lawful control of the student, person(s) standing in loco parentis, or to the student if age 18 or older or mailed to the last address reflected in the records of the school district.

Generally, notice and hearing should precede the student's removal from school, but if prior notice and hearing are not feasible, as where the student's presence endangers persons or property or threatens disruption of the academic process, thus justifying immediate removal from school, the necessary notice and hearing should follow as soon as practicable.

It is the responsibility of a student's parent, legal guardian, person having lawful control of the student, or person standing in loco parentis responsibility to provide current contact information to the district which the school shall use to immediately notify the parent, legal guardian, person having lawful control of the student, person standing in loco parentis upon the suspension of a student. The notification shall be by one of the following means, listed in order of priority:

- A primary call number;
 - The contact may be by voice, voice mail, or text message
- An email address
- A regular first class letter to the last known mailing address

The district shall keep a log of contacts attempted and made to the parent, legal guardian, person having lawful control of the student, or person standing in loco parentis.

The District shall establish programs, measures, or alternative means and methods to continue student engagement and access to education during a student's period of OSS.

During the period of their suspensions, students serving out-of-school suspensions are not permitted on campus except to attend a student/parent/administrator conference or when necessary as part of the District's engagement or access to education program. The student may return to activities when he/she returns to his/her regular classroom schedule.

During the period of their suspension, students serving in-school suspension shall not attend any school-sponsored activities during the imposed suspension nor shall the student participate in any school-sponsored activities.

Suspensions initiated by the principal or his/her designee may be appealed to the Superintendent, but not to the Board.

Suspensions initiated by the Superintendent may be appealed to the Board.

TARDIES

Habitual tardiness and the attendant distraction of classes will not be tolerated. A student not being in his/her seat when the tardy bell BEGINS to ring will be considered tardy. Students arriving at school late due to car trouble, etc., will receive an unexcused tardy. Each additional unexcused tardy beyond two (2) will result in disciplinary action as follows:

- 1st unexcused tardy - no penalty
- 2nd unexcused tardy - verbal warning
- 3rd unexcused tardy - 1 day morning detention hall.
- 4th unexcused tardy - 2 days morning detention hall.
- 5th unexcused tardy - Saturday School

Additional tardies may result in a minimum of Saturday School to a maximum of out-of-school suspensions. Tardies start over at the beginning of the semester.

Tardies may be excused by an administrator or a teacher who had detained the student beyond a time that would reasonably allow the student to reach the next period class prior to the ringing of the tardy bell.

TEACHER INFORMATION REQUEST

As a parent or guardian of a student in the Glen Rose District you have the right to know the professional qualifications of your child's teacher. Federal law allows you to ask for certain information about your child's teacher and requires the district to provide you with this information in a timely manner. Specifically, you can ask for the following information about your child's teacher:

Whether the Division of Elementary and Secondary Education (ADE) has licensed or qualified the teacher for the grades or subject that he/she teaches.

- Whether the ADE has decided that the teacher can teach under an Arkansas Provisional License due to holding a teaching license from another state.
- The teacher's college major

- Whether the teacher has an advanced degree and if so, the subject area.
- Whether there are teaching assistants or similar paraprofessionals providing services to your child and if there are, what their qualifications are.

If you would like to receive any information, send a letter to the middle school principal and a parent request form will be sent. After this form is returned, a response will be mailed in a timely manner.

TRANSFERS

The Glen Rose District shall review and accept or reject requests for transfers, both into and out of the district, on a case by case basis.

The District may reject a non-resident application for admission if its acceptance would necessitate the addition of staff or classrooms, exceed the capacity of a program, class, grade level, or school building, or cause the

District to provide educational services not currently provided in the affected school The District shall reject applications that would cause it to be out of compliance with applicable laws and regulations regarding desegregation.

The board of education will allow out of district transfers to districts that reciprocate in allowing student transfers, provided the family presents a legitimate hardship or extenuating circumstance. Transfers will only be allowed to the extent that a balance between the two districts of not more than 1.5 student transfers out of district to 1 transfer into district is maintained. Example (a maximum of 6 transfers out of district would be allowed with 4 transfers into the district or 12 transfers out of district for every 8 transfers into district).

Any student transferring from a school accredited by the Division of Elementary and Secondary Education (DESE) to a school in this district shall be placed into the same grade the student would have been in had the student remained at the former school. Any grades, course credits, and/or promotions received by a student while enrolled in the Division of Youth Services system of education shall be considered transferable in the same manner as those grades, course credits, and promotions from other accredited Arkansas public educational entities.

Any student transferring from a school that is not accredited by the DESE to a District school shall be evaluated by District staff to determine the student's appropriate grade placement. A student transferring from homeschool will be placed in accordance with the HOME SCHOOLING policy.

Any person who has been expelled from any other school district shall receive a hearing before the Board at the time the student is seeking enrollment in the District. The Board reserves the right to not allow the enrollment of such students until the time of the person's expulsion has expired following the hearing before the Board.

Prior to the hearing, the Superintendent will obtain a full report from the former district concerning expulsion. At the hearing, the Board will review the report from the former district, and have an opportunity to question the student and his or her parents concerning the alleged conduct. The Board may rule that the student may not enroll until the student's expulsion from his or her former district has expired.

VIDEO SURVEILLANCE AND OTHER STUDENT MONITORING

The Board of Directors has a responsibility to maintain discipline, protect the safety, security, and welfare of its students, staff, and visitors while at the same time safeguarding district facilities, vehicles, and equipment. As part of fulfilling this responsibility, the board authorizes the use of video/audio surveillance cameras, automatic identification technology, data compilation devices, and technology capable of tracing the physical location of district equipment, students, and/or personnel. The placement of video/audio surveillance cameras shall be based on the presumption and belief that students, staff and visitors have no reasonable expectation of privacy anywhere on or near school property, facilities, vehicles, or equipment, with the exception of places such as rest rooms or dressing areas where an expectation of privacy is reasonable and customary.

Signs shall be posted on campus buildings and in district vehicles to notify students, staff, and visitors that video cameras may be in use. Parents and students shall also be notified through the student handbook that cameras may be in use in school buildings, on school grounds and in school vehicles. Students will be held responsible for any violations of school discipline rules caught by the cameras and other technologies authorized in this policy.

The district shall retain copies of video recordings until they are erased which may be accomplished by either deletion or copying over with a new recording. Other than video recordings being retained under the provision of this policy's following paragraph, the district's video recordings may be erased any time greater than 21 days after they were created.

Videos, automatic identification or data compilation containing evidence of a violation of student conduct rules and/or state or federal law shall be retained until the issue of the misconduct is no longer subject to review or appeal as determined by board policy or student handbook; any release or viewing of such records shall be in accordance with current law.

Students who vandalize, damage, disable or render inoperable (temporarily or permanently) surveillance cameras and equipment, automatic identification, or data compilation devices shall be subject to appropriate disciplinary action.

VISITORS

Parents, grandparents, legal guardians, business, and community members are welcome and encouraged to visit District schools. To minimize the potential for disruption of the learning environment, visitors, for a purpose other than to attend an activity open to the general public, are required to first report to the school's main office. No one shall be exempt from this requirement. Visitors who are Level 3 or Level 4 sex offenders may only enter a school campus under the provisions listed in Policy 6.10 found in the school board policy handbook.

Parents and legal guardians are encouraged to participate in regularly scheduled visitation events such as school open houses and parent/teacher conferences. Additional conferences are best when scheduled in advance. Conferences shall be scheduled at a time and place to accommodate those participating in the conference. Visits to individual classrooms during class time are permitted on a limited basis with the principal's prior approval and the teacher's knowledge.

Parents wishing to speak to their children during the school day shall register first with the office.

The board strongly believes that the purpose of school is for learning. Social visitors, generally, disrupt the classroom and interfere with learning that should be taking place. Therefore, visiting with students at school is strongly discouraged, unless approved by the principal and scheduled in advance. This includes visits by former students, friends, and/or relatives of teachers or students. Any visitation to the classroom shall be allowed only with the permission of the school principal and all visitors must first register at the office.

The District has the right to ask disruptive visitors to leave its school campuses. Principals are authorized to seek the assistance of law enforcement officers in removing any disruptive visitors who refuse to leave school property when requested to do so.

Visitors to the campus must gain approval 24 hours prior to the visit, unless approved by the administration.

Note: Lunch visitors are not allowed to bring outside food to the campus.
